

Summer 1957

© 1957 Holubar

You can depend on Holubar Mail Order for fast, dependable service with old-fashioned personal attention.

When you browse through this catalog of backpacking and camping equipment in the comfort of your home, we realize that it may be your first exposure to our company and we welcome the opportunity to "prove" ourselves as a source for high quality products. For our friends and regular customers around the country we welcome the opportunity to present our new products and colors for Spring 1977.

Since 1946, when Alice and LeRoy Holubar founded Holubar Mountaineering Ltd., the company has been comprised of people who care about what is right for you . . . products of unmatched quality with a high dollar value backed by friendly, reliable service. We sell our products directly to you through this catalog or our own Holubar shops, eliminating a middle-man distribution system, so we can better control the quality of service you receive just as we control the quality of products leaving our production facility.

After you've outlined your equipment needs for the coming camping season, give us a try. You can shop in the convenience of your home by calling in your order via our toll free WATS line. Friendly, skilled people in the mail order department will be glad to assist you and answer any questions you may have regarding a particular product.

But the real proof comes when the package arrives and you examine the Holubar quality firsthand . . . even then, your personal satisfaction is guaranteed and should you decide to return any merchandise, we'll refund your money in full . . . including surface postage! Please see the insert between pages 56 and 57 for some actual customer comments on Holubar quality and service.

We look forward to serving you and proving our point!

THE HOLUBAR POLICY

Holubar wishes to insure your complete satisfaction with any item ordered from this catalog. If you are not completely satisfied, you may return the item for an exchange or for refund (including surface postage), whichever you desire.

PLACE YOUR ORDER BY TOLL FREE WATS!

1-800-525-2540

(Excludes Colo., Hawaii, Alaska, please call 1-303-442-8413. Sorry this is not a Toll Free number.)

Master Charge, BankAmericard, American Express charge cards accepted on phone orders. Sorry, no COD shipments made. Please fill out your order blank prior to calling.

**PRICES IN THIS CATALOG
ARE EFFECTIVE MARCH 1, 1977**

Holubar Sew-It-Yourself Kits the quality you've always wanted is right at your own fingertips at a savings of 30% to 50% over ready made equipment!

Make your own equipment and enjoy the personal involvement of easy, step-by-step craftsmanship, regardless of your sewing skill level. And gentlemen, we're not just speaking to the women folk! Many men are now joining the ranks of our satisfied kit customers and they really do a great job because they follow directions . . . step-by-step! That's the secret!

We furnish pre-cut components of unmatched quality (the same fabrics and accessories are used in the Holubar ready-made line), and direction sheets thoroughly pre-tested under home sewing conditions. You'll quickly appreciate the easy to follow format of our direction sheets, especially if you've tried other kit brands. All our kits are complete, including thread, so all you need is a sewing machine, scissors and pins.

Wait'll you try our patented down filling method. What a difference! No chance of loose down escaping into your house because you sew each down compartment completely shut before you break and release the down from the PACKETTE. Then when you wash the garment or sleeping bag, the water soluble PACKETTE film dissolves and passes through the fabric during a thorough rinse cycle, leaving no residue (a procedure completely tested and substantiated by independent laboratory tests). See page 5 for a complete description of PACKETTES.

Finally, you can rely on the Holubar name for unmatched dollar value backed by a very generous, no risk policy with every kit purchase.

THE HOLUBAR SEW-IT-YOURSELF KIT POLICY

Holubar wishes to insure your complete satisfaction with each kit. If ANYTHING regarding the kit does not meet your expectations, you may return the kit for a full refund (including postage), or full credit towards another product.

Clear Direction Sheets

Please read the direction sheets in total before beginning any Holubar kit to familiarize yourself with our ease of construction methods — it will assure you of a successful experience and all the fun of making your own equipment!

Quality Components

Each Holubar Kit is complete with pre-cut materials, step-by-step direction sheets with blow up illustrations and time saving steps like pre-set snaps.

Mess-Free Down Filling

The Down filling step is an easy, mess-free procedure with our patented Down PACKETTES. See page 5 for a complete explanation.

Don't forget to tell people you made it yourself . . . let your pride show!

Down Comforter Kit

Very Easy to Complete! Three Sizes!

Fluffy, light warmth! Now you can make your own Goose Down comforter with such ease . . . and at a savings of 40% over ready-made comforters!

Simple, straight-line quilted seams form the Down compartments for the easy to insert, no-mess Goose Down PACKETTES. Sewing instructions include details on how to make and fasten an outer covering (not included) to match the decor of your bedroom plus an alternative construction method to give your comforter the "tufted" look. The white, Down-proof SUPERNYL fabric is finished without any raw edges on the inside or outside to prevent raveling during washing or cleaning.

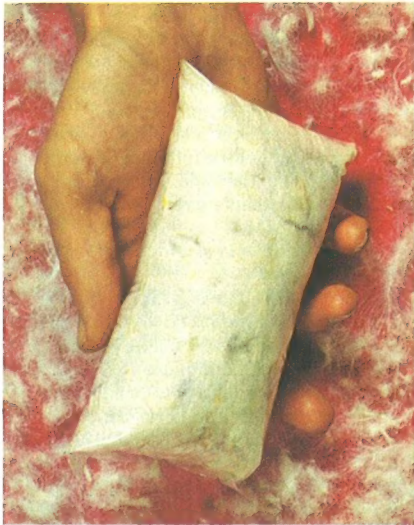

An excellent way to acquaint yourself with Holubar's easy sew-it-yourself kits . . . this kit is complete with pre-cut fabric, Goose Down PACKETTES, thread and step-by-step directions . . . ready for you to start sewing! Finishes to a 2 inch thickness, with 8" channel width.

Color: White. #209502: TWIN (68" x 84"). Down fill 20 oz. \$59.00 (43 oz.). #209510: DOUBLE/QUEEN (80" x 90"). Down fill -26 oz. \$73.00 (56 oz.). #209528: KING (96" x 96"). Down fill 33 oz. \$90.00 (73 oz.).

Purchase colorful sheets locally to cover your COMFORTER KIT and match the decor of your bedroom.

There is no reason why you should mess-up your home during the Down filling step of kit assembly . . . and PACKETTES* prevent just that, plus:

- * Simplify handling with a sealed container.
- * Distribute the Down in precise quantities for proper loft proportions.
- * Contain an unmatched quality of Goose Down with the strength and resiliency for maximum product life span.

New for 1977! An improved PACKETTE film which dissolves even quicker when exposed to water. We've also reduced the total number of PACKETTE sizes from 25 to 10 to simplify procedures during the Down filling step.

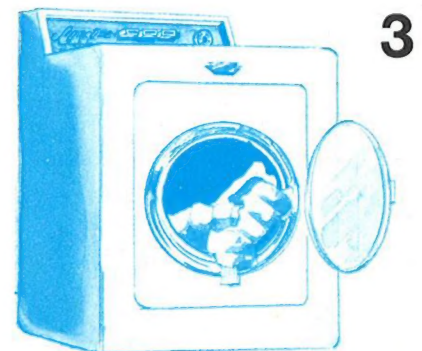

OUR SIMPLE THREE STEP PACKETTE PROCESS

Holubar's patented Down "PACKETTES" are the latest, finest, in "at home" Down-filling methods. — The completely sealed, pre-measured and clearly marked "PACKETTES" of water-soluble Poly-Vinyl Alcohol are inserted, totally, into your Down garment. — After completely sewing the channel shut, they are popped open, distributing just the right amount of Down per channel, leaving no mess on the floor!

To release the Down from the "PACKETTES" after they have been inserted, and completely sewn shut in the proper channels, grasp each end firmly (gather a bit of fabric around the "PACKETTE" to afford maximum flexibility) and "pull" the film apart. — When separated into a few pieces, the film cannot be distinguished from the Down through feel, and will completely dissolve when the garment receives its first laundering.

The Holubar Kit products launder as readily as any fine Down garments. Remember to presoak well in lukewarm water, wash on gentle cycle, rinse WELL, and dry on WARM setting. Between dry cycles, remove garment, pull the damp clumps of Down apart, and reverse garment (inside-out) with zipper partially zipped (to protect the large metal zipper sliders). With a minimum of care, your kit will always look, and perform, like new!

PACKETTES just one more reason why our sew-it-yourself kits are so easy to complete! * U.S. Patent No. 3,771,203

Opposite opening bags with like zippers (#10 to #10) will zip together for a large double sleeping bag.

Chinook Sleeping Bag Kit

A bag with year around versatility, rated to 0° F!

A sleeping bag you'll enjoy crawling into after a day on the trail, surrounding yourself with all the comfort and warmth of Goose Down. Developed from our ready made Timberline model, a time-tested design with a record of outstanding performance and durability. Now you can add your "personal touch" quality to this sew-it-yourself kit and realize the self satisfaction of making your own backpacking equipment.

The outer shell material is a durable 1.9 oz. ripstop nylon (Flame Retardant) with 1.1 oz. ripstop nylon forming the internal parallelogram Down channels. Loft is approximately 8" with 60% of the Down in the top layer. Each channel is completely sealed with a full depth channel baffle opposite the zipper side. Inserting the Goose Down is incredibly easy with our PACKETTE system which has the added advantage of leaving your sewing area free of loose, elusive Down.

The full length #10 YKK VISLON (tooth) zipper is backed by a plump down tube and you can ventilate the foot area by unzipping the double slider from the bottom up. The hood and shoulder girth snugs around your head with a locking drawstring to shut out drafts. Includes VELCRO tabs for attaching the optional VESPER Liner Kit plus a 10" x 18" stuff sack kit. Color: Burgundy with Tan lining. #200006B: Length 5'10" — \$91.00 (70 oz.). Length 6'6" — \$99.00 (77 oz.).

CHINOOK EXTRA DOWN FILL (Optional): #202044B, Length 5'10" — (8½ oz. extra Down) — \$19.95. Length 6'6" (9½ oz. extra Down) — \$22.25.

Vesper Liner Kit

An accessory that protects the entire inside of your bag against soiling. Adds to the life span of the bag. Ripstop nylon material washes easy and dries very quickly. Attaches with VELCRO tabs. Designed to fit only Holubar kit models (excluding the TETON). Size: 5'10" (which fits the INCHWORM) or 6'6". #202002B: For bags without a collar — \$8.95 (7 oz.). #202010B: For bags with a collar — \$9.95 (9 oz.).

Sleeping Bag Kits

Teton Sleeping Bag Kit

An ultra-lightweight bag for spring through fall camping, rated to 15° F.

The Teton sleeping bag was designed to give you the optimum warmth in a light backpacking weight with minimum packing size. We have found that the Teton will perform very well in Colorado from spring through fall and will meet the needs of four season use in the Southwest and similar climates.

Goose Down, with its excellent insulating properties per ounce of fill weight, was combined with a body contour shape to accomplish the above objectives most efficiently. You'll build this superbly designed bag from rugged 1.5 oz. ripstop nylon (Flame Retardant) shell material and 1.1 oz. ripstop nylon baffling material. All materials are pre-cut for easy, sure-to-fit assembly. The parallelogram Down channel system has a 6" loft, with 60% of the Down fill in the top half of the bag. The Down filling step is made easy with our PACKETTE method that has the additional advantage of leaving your sewing area free of loose Goose Down. Each Down channel features a full channel depth baffle opposite the zipper side to minimize Down shift.

The 70" #5 YKK VISLON (tooth) zipper is insulated by a plump, full length Down tube, and reinforced with 1" webbing and nylon mesh to prevent the zipper from catching the fabric (a feature you'll find on all our kit bags). Note: Opposite opening Teton's will mate, or the Teton will mate with our ready-made Trimlite model; however, they will not mate with our #10 zipper models. Shoulder girth and hood drawstrings adjust separately to snug up the hood to protect against drafts and heat loss.

Due to the weight saving features of this bag, the VESPER liner kit is not offered as an option. A 6" x 13" stuff sack kit included. Color: Blue. #200030B: Length 6' — \$68.00 (42 oz.). Length 6'6" — \$73.00 (48 oz.).

Inchworm Junior Bag Kit

A sleeping bag that grows with your child!

Here's a children's sleeping bag kit that will serve through many years of growth — one that "grows" with the user!

Initially, the sleeping bag shell is made complete with its 5'10" length, but only enough Goose Down is purchased to insulate the first "children's stage." The bottom stages, or "growing room," are closed off and neatly stored inside by two drawcords. The child has an efficient Goose Down sleeping bag, warm as Mom's and Dad's and just his or her size! Then, in a couple of years, release the next stage, purchase the necessary Down PACKETTES for filling that stage, and the sleeping bag has been expanded!

The INCHWORM features tough 1.9 ounce ripstop nylon, 70 inch #10 Y.K.K VISLON zipper, parallelogram Down channels, Holubar's Channel Block, i.e. all the quality features of the adult CHINOOK Bag. No compromise on quality — compare with other kit brands. Stuff sack (kit form) included at no extra charge.

The INCHWORM includes the mating parts for attaching the VESPER LINER (optional).

Color: Navy

#200022: INCHWORM SHELL and Down Packettes for Stage #1 (finished length — 36") \$66.00 (3 lbs. 6 oz.).

#202069: Down PACKETTES for Stage #2 (finished length — 52") \$14.50 (7 oz.).

#202077: Down PACKETTES for Stage #3 (finished length — 5'10" \$16.50 (10 oz.).

HOLUBAR KIT SLEEPING BAG SPECIFICATIONS

Model	Inside Length	Down Weight	Temperature Rating	Total Weight	Inside Shoulder Girth	Shell Fabric	Zipper	Down Channel Design

	6'6"	50 oz.	-20°F	81 oz.	62"			

Polar Sleeping Bag Kit

A winter season bag rated to -20° F.

In cold weather sleeping, your bag should provide a thick, efficient insulating barrier against the cold and the Polar does just that with its 10" loft in a "V" Down channel construction. Each channel receives a pre-measured PACKETTE of Goose Down, with 60% of the total Down going into the top half of the bag. A full depth channel baffle opposite the zipper side minimizes Down shift and assures you of a thick lofting insulation barrier. Based on our experience with ready-made "V" baffle bags, we know this type of construction will hold together for many, many years.

The outer shell material is a rugged 1.5 oz. ripstop nylon (Flame Retardant) and the internal baffle material is a 1.1 oz. ripstop nylon. The Polar bag has a constant girth from the shoulders through the hips and then tapers to a roomy, flared foot compartment. The full length #10 YKK VISLON (tooth) zipper can be unzipped from the bottom to ventilate the foot area and is insulated by a plump Down filled tube running the entire length of the bag. An important feature in cold weather sleeping is our shoulder girth and hood drawstring system which allows the sleeper to snug the hood completely around the head to shut out heat robbing drafts. VELCRO tabs for the optional Vesper liner kit and a 10" x 18" stuff sack included. Color: Copper outer shell with Tan lining. #200014B: Length 5'10" — \$112.00 (73 oz.). Length 6'6" — \$121.00 (81 oz.). #202051B: POLAR EXPEDITION DOWN FILL (Optional): Length 5'10" (10% oz. extra fill) — \$29.50. Length 6'6" (11% oz. extra fill) — \$33.50.

◀ Down Collar Kit

The DOWN COLLAR is designed for cold weather use to eliminate heat robbing drafts. The COLLAR is made of 1.9 oz. ripstop nylon and contains 3½ oz. of Goose Down. Adjusted independently of the sleeping bag's shoulder and hood adjustment with its own drawstring. A strip of VELCRO on the zipper side allows easy entry and exit. The DOWN COLLAR is an essential, winterizing accessory for your sleeping bag, increasing the heat retention efficiency of your bag. Any bag with a shoulder girth between 50" and 70" will accept the DOWN COLLAR. Width is 8½ inches.

Color: Tan

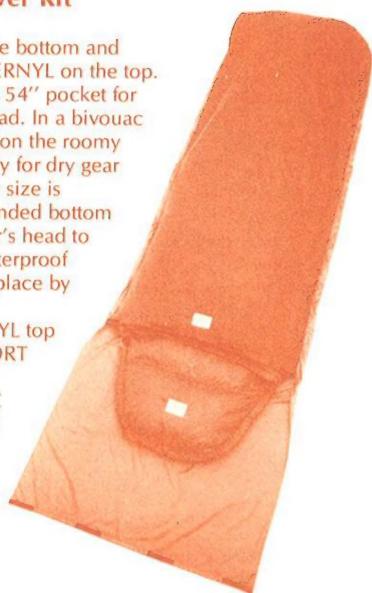

#202036A: DOWN COLLAR \$11.95 (6 oz.).

Bivouac Bag Cover Kit

NYLPORT on the bottom and water-repellent SUPERNYL on the top. The cover includes a 54" pocket for insertion of a foam pad. In a bivouac or snow cave condition the roomy cover comes in handy for dry gear storage (closed cover size is 40" x 94"). The extended bottom folds over the sleeper's head to form a protective waterproof canopy. It is held in place by strips of VELCRO.

Color: Blue SUPERNYL top and Avocado NYLPORT bottom.

#202028: BIVOUAC BAG COVER \$15.50 (18 oz.).

Hood drawstring system snugs hood around head and face to shut out cold drafts and helps prevent loss of body heat.

Yukon Down Mittens Kit

Warm Goose Down insulated tough goatskin palms that stay soft. Durable Supernyl fabric in Forest Green. An ideal gift suggestion. Sizes XS, S, M and Men's sizes S, M, L, XL. Price: \$12.25 (5 oz.).

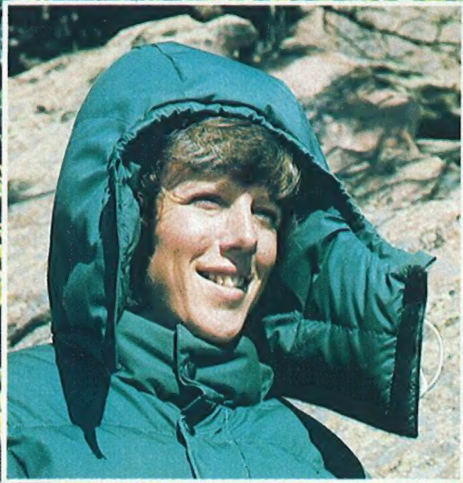

Country Hood

100% CLOTH (in matching parka color).

100% NYL (in matching parka color).

ing Kits

Yukon Down Mittens Kit

Toasty warm Goose Down insulated mittens with tough goatskin palms that stay soft in cold weather. Durable Supernyl fabric in Navy or Forest Green. An ideal gift suggestion. Women's sizes XS, S, M and Men's sizes S, M, L, XL. #203141C: \$12.25 (5 oz.).

Optional High Country Hood

#203208A: STORM CLOTH (in matching parka colors) \$10.95 (6 oz.).

#203182A: SUPERNYL (in matching parka colors) \$9.50 (5 oz.).

Clothing Kits

New! "Warm-Up" Sleeves Kit

Convert your Juniper Vest to a warm, Down Sweater!

Easy to sew in one evening, our new Warm-Up sleeves attach to your vest with VELCRO® (both mating parts included in the sleeve kit) giving you the option of a Down sweater or quick conversion back to a vest. On the trail, these lightweight sleeves store easily in a pocket or your pack. Available in all seven Juniper Vest colors, match your vest or try a colorful contrasting combination. Sleeves feature an adjustable girth cuff. State your vest size — XXS, XS, S, M, L, XL #203257C: \$11.95 (7 oz.).

Note: The Warm-Up Sleeves Kit will fit both the Juniper Vest and our new, ready-made Wilderness Vest (see page 43). We should point out that fabrics will vary slightly in color shades; therefore, a perfect match is not guaranteed.

Junior "Warm-Up" Sleeves Kit

For the Junior Juniper Vest Kit on page 15!

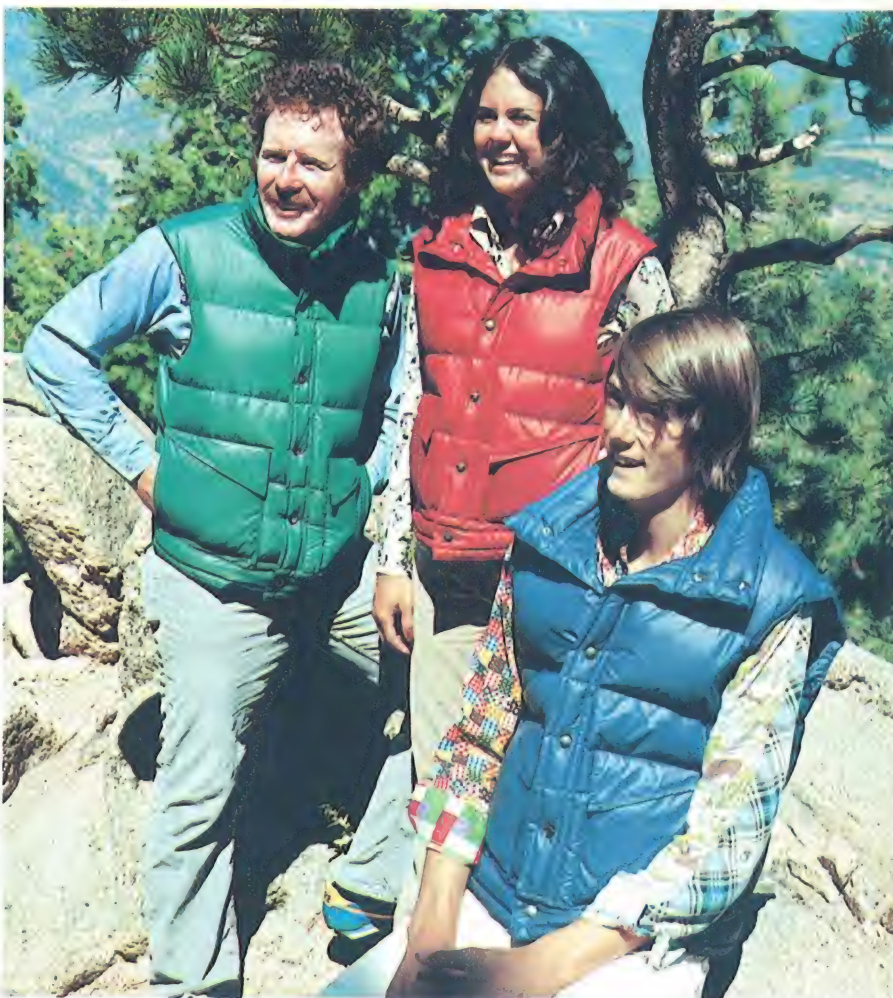

Available in all six Junior Juniper Vest Kit colors. Sleeves feature an adjustable girth cuff. When ordering, send vest size and choice of Royal Blue, Kelly Green, Bright Gold, Burgundy, Navy, or Copper colors. #203265C: \$9.25 (6 oz.).

New! Juniper Vest with contrasting sleeves.

◀ Boulder Mountain Parka Kit

A do-it-all wind parka designed for rigorous on the trail wear, but will fit right in on campus, around town, fishing or working in the yard. Tough machine washable Storm Cloth (65% Polyester, 35% Cotton Blend) wind shell completely lined with a wind-tight all nylon Supernyl provides a double layer of weather protection. Five roomy pockets, adjustable VELCRO® cuff closure, inside waist drawstring, lined hood with drawstring and a durable #10 YKK VISLON front zipper closure covered with a VELCRO® wind flap highlight the over-all versatility of this rugged, easy to sew kit! Sized for Women: XS(8-10); S(12-14); M(16-18), and Men S(34-36); M(38-40); L(42-44); XL(46-48), in Navy, Forest Green, or Rust; all lined in Tan. #205005C: \$28.95 (21 oz.).

Juniper Vest Kit

Sews together in One or Two Evenings . . . Without Previous Kit Sewing Experience!

Simplicity, ease of construction, easy on the budget pricing, handsome styling, and Holubar quality materials are combined in this new kit to give you the best starter kit available! Looks as good as a ready made version costing \$30 or more! Durable 1.9 oz. ripstop nylon shell with Down insulated hand warmer pockets, plus storage pockets with VELCRO® closure flaps. Direction sheet offers either a high shirt collar or optional low stand-up Down collar. Size medium contains 4½ oz. of 550 cubic inch fill Goose Down and rated to an active temperature of 32°F. Colors: Royal Blue, Kelly Green, Bright Gold, Burgundy, Navy, Forest Green, Copper. Women's XXS(6-8); XS(8-10); S(12-14); M(16-18) and Men's S(34-36); M(38-40); L(42-44); XL(46-48). #203216C: \$17.95 (11 oz.).

Vagabond Vest Kit

Your Choice of Rugged Storm Cloth or Handsome, Lightweight Supernyl.

Styled to be worn by itself with a jacket length, Down insulated hand warmer pockets and more Goose Down insulation than any other kit vest on the market (5½ oz. in size medium) — the VAGABOND Vest is one of our more popular kits and very easy to sew, even for the beginner! Rated to an active temperature of 25°F and sized for Women XS(8-10); S(12-14); M(16-18) and Men S(34-36); M(38-40); L(42-44); XL(46-48).

STORM CLOTH: Forest Green (Tan Lining); Navy (Red Lining); Tan (Navy Lining); Denim Blue (Navy Lining); Rust (Tan Lining). #203125C: \$27.00 (19 oz.) SUPERNYL: Navy, Copper, Forest Green. #203117C: \$23.00 (12 oz.).

Sequoia Jacket Kit ►

Patterned after our popular, ready-made TRAIL JACKET, including all the same top quality fabrics and components. The SEQUOIA is very functional for strenuous activities with its jacket length and lightweight Goose Down warmth - 10 ounces (size medium) of 550 cu. in. fill Goose Down, quilted in a very efficient, 3½" wide Down channel system. A durable, smooth running #5 YKK VISLON zipper front closure can be zipped up to provide a snug, draft-free fit. Down insulated handwarmer pockets behind a second patch pocket with VELCRO® closure flap, elastic cuffs and hemline drawstring round out the jacket features. Active temperature 0°F. Women's Sizes XXS(6-8); XS(8-10); S(12-14); M(16-18) and Men's Sizes: S(34-36); M(38-40); L(42-44); XL(46-48). SUPERNYL SEQUOIA JACKET Colors: Forest Green or Navy. #203067C: \$37.00 (26 oz.). STORM CLOTH SEQUOIA JACKET Colors: Denim Blue, Rust or Navy. #203075C: \$42.00 (32 oz.).

Kinnikinic Sweater Kit

All the comfort and warmth of Goose Down in a quilted, lightweight snap front sweater! Wear by itself or under a windbreaker for added warmth. A good beginner's kit featuring windtight 1.9 oz. ripstop nylon shell and wear resistant stretch nylon collar band and cuffs. Size medium contains 5½ oz. of 550 cubic inch fill Goose Down for an active temperature rating of 20°F. Sized for Women XS(8-10); S(12-14); M(16-18) and Men S(34-36); M(38-40); L(42-44); XL(46-48) in Navy or Forest Green. #203083C: \$25.00 (14 oz.).

Wind River Jacket Kit

The WIND RIVER is light enough to be worn comfortably under a windbreaker or by itself as an outer garment for backpacking, ski touring, fishing or around town or campus.

550 cubic inch fill Goose Down (7½ oz. in size medium) in the 4" wide Down channels, now pre-sewn by you before inserting our mess-free PACKETTES. We've also pre-snapped the shell front and collar to save you time — just a few more reasons why you should select this Holubar kit for construction ease! Distinguishing features include double patch pockets — a VELCRO® closure storage pocket backed by a Down insulated hand warmer pocket; snap-front closure with a 1½" over and under lapping draft flap; a plump Down stand-up collar, and a multi-position VELCRO® wrist adjustment for ventilation or snug fit. Active Temperature 10°F. Women's Sizes: XS(8-10); S(12-14); M(16-18) and Men's Sizes: S(34-36); M(38-40); L(42-44); XL(46-48).

YOUR Choice of Two Outer Fabrics! Storm Cloth Colors: Denim Blue, Navy, or Rust with Tan Lining. #203166C: Storm Cloth \$34.50 (29 oz.). 1.9 oz. Ripstop Nylon Colors: Copper or Navy. #203158C: Ripstop \$29.00 (18 oz.).

Stainless Steel Cup

Wide mouth for drinking or for use as a dish. Open wire handle can be hung from belt. Wire goes around lip of cup, keeps it cool. #506006: 4½" dia., 1½" deep \$1.75 (3 oz.).

Child's Poncho Kit

A miniature of the adult poncho and a versatile piece of equipment for the young hiker.
Colors: Orange or Avocado
#206011A: CHILD'S PONCHO 68" x 49"
\$9.95 (12 oz.).

Back Pack Poncho Kit

This extra long poncho with off-center hood protects the hiker and his backpack. Extra flap snaps up out of the way when worn without the pack.
Colors: Orange or Avocado Nylport
#206003C: BACKPACK PONCHO
Medium: Front hemline — 39"
Extended rear hemline — 74"
Width — 60" \$15.25 (22 oz.).
Large: Front hemline — 43"
Extended rear hemline — 78"
Width — 68" \$15.75 (24 oz.).

Rain Chaps Kit

Chaps slip easily over boots and tie to belt. Individual legs are tough enough to protect the wearer from rain, wind, and brush. One size is designed for a finished inseam length up to 36". You can tailor the length to fit your inseam.
Colors: Avocado or Orange
#206029A: RAIN CHAPS \$4.25 (6 oz.).

Leg'Ins Kit

Double layer of water-repellent Storm Cloth, 17" high with a #5 YKK VISLON zipper protected by a VELCRO® closure storm flap. Drawstring top and elastic ankle and bottom highlight this excellent ski touring or snow shoeing gaiter. Navy or Rust . #205021A: \$10.95 (12 oz.).

Igloo Boots Kit

Ideal for warmth and comfort after skiing, around camp, in your tent, sleeping bag or kitchen! Goose Down warmth, padded expedition felt insoles and wear-resistant Ranchero outer soles for durability. Gold or Navy Supernyl fabric uppers. XS(4-5½); S(6-7½); M(8-9½); L(10-11½); XL(12-13½). #203133C: \$13.50 (10 oz.).

A. Junior Mountain Parka Kit

Patterned after the adult version on page 10 and featuring the same durable, water repellent Polyester/Cotton Storm Cloth and lined with Supernyl nylon.

The sleeves have adjustable VELCRO® cuffs (just like Mom's and Dad's) plus, two large patch pockets on the front with "automatic closing" VELCRO® sealed flaps, a nylon drawstring on the inside waist, and a nylon drawstring in the hood. Front closure is a #5 Y.K.K. zipper. Colors: Navy or Rust .

Size	Chest	Length	Sleeve	Wt.
6	23" - 25"	23"	23"	13 oz.
9	26" - 28"	26"	26"	15 oz.
12	29" - 30"	29"	29"	17 oz.
14	31" - 32"	31"	31"	19 oz.

#205013C: Size 6, 9 — \$17.95. Size 12, 14 — \$21.95.

B. Junior High Country Parka Kit

Waiting for the school bus or playing in the snow, the JUNIOR HIGH COUNTRY PARKA offers the same warmth and comfort as the adult version (see page 9). The outer fabric is durable Supernyl, a windtight nylon taffeta treated for water-repellency.

The front closure is an easy to operate #5 Y.K.K. Vislon zipper protected by a snap draft-flap. All snaps on the front as well as the collar and snap band for the optional hood are pre-set at Holubar for time saving, easy construction. Includes a Down insulated hand warmer pocket covered by a roomy storage pocket with VELCRO® flap closure, and inside waist drawstring. Active Temperature 0°F. Colors: Navy or Red. #203224C: \$29.50 (18 oz.).

Size	Down	Wt.	Total Wt.	Length
4-6	7 oz.		15½ oz.	20½"
8-10	7¾ oz.		18 oz.	22½"
12-14	8½ oz.		19½ oz.	24½"

Optional Junior High Country Hood

Goose Down snap-on hood in matching parka colors. #203232A: \$6.95 (4 oz.).

C. Junior Kinnikinic Sweater Kit

Patterned exactly after the adult's version on page 13, this sweater combines Goose Down warmth, with featherlight weight. Rated to an active temperature of 32°F. A fun, easy to sew kit! Navy or Red.

Size	Chest	Size	Length	Sleeve Length	Weight
6	23"-25"	19"		23"	9 oz.
9	26"-28"	22"		26"	11 oz.
12	29"-30"	25"		29"	13 oz.
14	31"-32"	26"		31"	15 oz.

#203091C: Size 6, 9 — \$18.50; Size 12, 14 — \$22.00.

Tent Kits

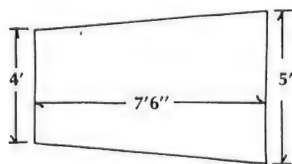

The Economical Way of Attaining the Finest in Backpacking Tents!

The Rainfly features an "easy-to-enter" zipper on the centerline of the front overhang.

Nomad Front Peak Height — 5'6"
Nomad Rear Peak Height — 28"

Hut Front Peak Height — 54"
Hut Rear Peak Height — 30"

Hut Tent Kit

The Perfect Sew-It-Yourself Two Man Tent!

The HUT is a functional tent. In it we have combined sophisticated design, materials and expedition experience to meet the demands of both the serious mountaineer and the week-end backpacker . . . ultimate lightweight and protection.

The canopy is 1.9 oz. ripstop nylon, a lightweight fabric that can withstand the continual wear of severe weather, hauling and storage. Floor and side walls are cut from 2.7 oz. Urethane coated NYLPORT. The waterproof protection of the floor piece continues for 12 inches up the sides all around the HUT. This sidewall design — 12" vertical walls, and front peak "A" style poles — allows for full use of the floor area. Zippers close the triangular front door and mosquito netting just inside the front entrance. A large hooded insect-tight vent allows flow-through ventilation from the rear of the HUT.

All materials are Flame Retardant (FR) treated. The HUT rainfly is 1.5 oz. Polymer coated (TEMPER KOTE) ripstop nylon.

Nomad Tent Kit A Roomy Three Man Tent!

The NOMAD is 10'5" long, 7'2" wide at the front and 5'5" wide at the rear . . . the front peak height is 5'6" and 28" at the rear peak . . . it's big and roomy! Easy to erect with an external pole system.

All materials are Flame Retardant (FR) treated with a canopy of breathable, 11-A ripstop nylon; floor, sidewall and front door are NYLPORT, a durable Urethane coated nylon taffeta. The rainfly is a Polymer coated 1.5 oz. ripstop nylon and features an "easy-to-enter" zipper on the centerline of the front overhang which allows you to fold the fly back when entering the tent. A generous NYLPORT sidewall tapers from 23" in front to 8" in the rear.

The triangular front door opens with one zipper down the side and one zipper across the bottom, both smooth running, #5 Y.K.K. DELRIN zippers. Across the entrance is a 6" high (varmint proof) sill. The mosquito netting door zips like the front door (varmint proof) and ties aside when open.

Large side vents (7" x 57" each) open with #7 Y.K.K. ZIPLON coil zippers and are backed by mosquito netting. Additional inside features include four storage pockets and ridge loops for attaching a clothesline.

A total of 14 stakes are included, along with sectioned aluminum tent poles with shock cords and aluminum arches. All stake-out points are reinforced for added strength — a very stable tent in the wind and winter conditions. The NOMAD kit is complete with pre-cut materials, thread, zippers and easy to read sewing instructions. Tent roll size is 10" x 22". Waterproof stuff sack included (in kit form). Color: Blue Canopy/Avocado Floor. Forest Green Rainfly.

#207027: \$125.00 (Complete weight with rainfly, poles and tent stakes — 10 lbs. 4 oz.).

Aluminum poles are included in the kit and are complete with shock cord to keep the segments together. All guy lines and aluminum stakes (14) are included. Tent and poles roll into a 6" x 21" waterproof nylon stuff sack which is also included (in kit form). Color: Blue Canopy/Avocado Floor. Forest Green Rainfly.

#207001: \$85.00 (Complete weight with rainfly, poles and tent stakes — 10 lbs. 4 oz.).

New! Rambler Pack Kit (left)

An ideal day pack for backpacking or carrying your books. The contour shape is designed to fit close to your body and will not flop around when walking, climbing or bicycling. Entrance to the main compartment is through a wide slant opening with a weather protected #7 COILON zipper. Pack fabric is a heavy-duty urethane coated nylon duck with adjustable 2" nylon shoulder straps. Main compartment is 5" x 12" (bottom) x 17" high with a volume of 900 cu. in. A box shaped outer pocket with covered zipper offers 284 cu. in. of additional storage space. Hauling loop included. Colors: Navy or Desert Sand. #208108A - \$7.50 (9 oz.).

New! Voyageur Pack Kit (right)

This heavy-duty day pack features a double-layered bottom, with tough Cordura on the outside to protect against the normal scuffing action encountered when climbing or backpacking. The lower compartment (7" x 12" bottom x 7 1/4"H) offers 450 cu. in. of storage space with a weather protected #7 COILON zipper. The upper compartment features a covered slant zipper and a volume of 284 cu. in. A top quality day pack in every respect with felt padded nylon shoulder straps, waist strap, ice axe loop, hauling loop, two leather accessory strap holders plus reinforced sewing construction. Colors: Navy or Desert Sand. #208116A - \$10.95 (14 1/4 oz.)

Travelite Pack Kit

Our popular ready-made TRAVELPAK is available in kit form! Made of durable 11.5 oz. CORDURA nylon, with a Urethane coating, the roomy 8" x 14" x 18" (20 cm. x 35 cm x 45 cm.) bag compartment features a perimeter #7 Y.K.K. Coil zipper for easy entrance. The zipper is covered by a weatherproof flap for protection against rain or snow.

The comfortable nylon luggage carry-straps adjust into backpack shoulder straps for hiking or simply free your hands to carry other luggage or gear. In the backpack position, your back is protected from contents by an inner lining of stiff foam . . . removable to give you an additional inside envelope pocket. An outside pocket will hold maps, papers, plane tickets, etc. Colors: Orange, Blue, Forest Green or Desert Sand. #208090A: \$14.95 (22 oz.)

Bowser Bag Kit

The load bearing "saddle" is made of durable coated pack fabric, lined with a 1/4" thick foam pad and smooth Nylport for comfort and protection. Each pannier is made from 7.5 oz. coated duck with a double bottom extending partway up the sides for extra reinforcement. Access to the pannier compartment is a #7 Y.K.K. ZIPLON coil zipper with a protective weather flap. The total capacity of either size should enable the dog to carry a seven to eight day food supply. Color: Orange. #208074B: Medium (8"H x 9"W x 4"D per pannier) Spaniels, Terriers — \$10.95 (13 oz.). #208082B: Large (11"H x 11"W x 5"D per pannier). Labradors, Golden — \$12.25 (17 oz.).

Sport and Travel Bags . . . perfect "starter" kits!

Bike Bag Kit

This two compartment pack is designed specifically for use with any full sized bike. VELCRO® attachments snap quickly and easily around any handle bars and front frame, and allows easy access through top lid while attached securely to the bike. When you park simply "flick" open the VELCRO® tabs, remove the complete pack from the bike, and carry the BIKE BAG with you via the hand grip at the top. The hand grip with D-ring allows you to haul bulging loads with the zipper open — just cinch the load down. Main compartment is 9" wide x 7" high x 5" deep and the outside pocket is 9" wide x 5" high x 2½" deep.

Waterproof heavy duty 11.5 oz. CORDURA nylon, VELCRO®, all thread and straps, plus easy to assemble directions come with the BIKE BAG KIT. Very easy to complete in a couple of hours, Colors: Blue, Forest Green, Desert Sand or Orange. #208041A: \$7.95 (7 oz.).

Bike Bag Front Support

This is the best front bag support we have seen. It will not interfere with brake cables nor will it prevent you from touring with your hands on top of the handlebars. Supports all sizes of touring bags. Chrome plated, vinyl coated at contact points with handlebars. #756031: One size. \$6.75 (14 oz.).

Tag-A-Long Kit

Zipper protected by weather flap!
Two sizes, multi-uses!

The "go anywhere" "catch all" bag that has a hundred different uses. For Mom, Dad, school, travel — for a purse, diapers, school books, business papers. TAG-A-LONGS can tag along with everyone!

The HOLUBAR KIT components are made of 11.5 oz. CORDURA, a heavy-duty waterproof nylon oxford fabric, a tough Y.K.K. coil zipper, and nickel plated metal slides for the adjustable length carry strap. All parts and step-by-step directions and illustrations are included and a TAG-A-LONG is very easily assembled by even the novice sewer. Colors: Blue, Forest Green, Orange or Desert Sand. #208025A: Medium (12" x 12" x 4½") \$7.95 (10 oz.). #208033A: Large (15" w x 13" h x 6" d) \$8.95 (13 oz.).

Fun, easy to make gi

Coat Tote Kit

Easy to pack and keep your suits or garments neat and pressed for immediate use at your destination. Made of heavy-duty 11.5 oz. CORDURA oxford nylon . . . rugged enough to take the wear and tear of traveling!

One length is designed for suits, dresses, shirts and most outer garments. Three inches wide, four-suiter volume. The durable front zipper provides a 40 inch opening for easy access to the top or bottom of the bag. Bottom nylon web loop can be used to fold the bag and carry like a suitcase. Special seam construction eliminates all raw edges, giving your garments maximum snag-free protection and a decorative rolled outer edge.

This kit is complete with all the pre-cut materials, including thread and easy to follow, step-by-step directions. (Hangers not included). Color: Blue or Desert Sand. **#208058A:** (24¼W x 45"L x 3"D) **\$13.50** (21 oz.)

Roadbag Kit

Two sizes, multi-uses! Zipper protected by a weather flap!

Whether it's a weekend jaunt by plane, boat or car — a tennis match — or back to school utility bag, you'll find everyone in the family can make good use of this "grab it" and "haul it" all-purpose bag.

Economically priced and easy to assemble (a perfect "starter" kit to acquaint yourself with Holubar Kits) the ROADBAG is available in two sizes: medium 9" diameter x 18" long, and large, 13" in diameter x 26" long. Made of heavy-duty 11.5 oz. CORDURA, a waterproof nylon oxford fabric which wears so well and can be laundered or dry cleaned.

Each size features a main compartment, an outer end-entry compartment, an outer "slip-in" pocket between the main handles.

The zippered, end-entry compartment is separated from the main compartment by a weatherproof, coated NYLPORT pocket and makes a good storage space for wet swim suits, towels or dirty clothes. The main compartment closes with a #5 Y.K.K. ZIPLON zipper (medium - 16" long and large - 24" long) with "holding tabs" for ease in opening and closing. The straps and handles are 2" wide nylon webbing, attached to the bag with reinforced stitching. Across one end is a second, handy "grab" handle.

ROADBAGS in either size can carry "just about as much as you want to take to the road"! Stores flat when empty. Colors: Blue, Forest Green, Desert Sand or Orange. **#208009A:** Medium (9" dia. x 18" long) **\$10.25** (18 oz.). **#208017A:** Large (13" dia. x 26" long) **\$14.95** (24 oz.).

Shoulder Strap In Ready Made Form

2" black nylon webbing. **#108084:** **\$3.00** (4 oz.).

Raw material purchases are non-returnable for refund or exchange and subject to availability as listed. Please allow two weeks for order fulfillment. Minimum fabric order is one yard. See page 33 for full ordering details and postage. Thank You.

Fabrics

Minimum fabric order is one yard.

1.1 Ounce Ripstop Nylon: Sleeping bag baffle material. 45" wide. White. #250209 per yard \$1.75.

1.5 Ounce Ripstop Nylon: Downproof, fire-retardant, water repellent sleeping bag shell material. 45" wide. Blue. #250191 per yard \$3.00.

1.9 Ounce Ripstop Nylon: Downproof, fire-retardant, water repellent sleeping bag or tent canopy material. 45" wide. Forest Green, Navy, Orange, Sky Blue. #250183 per yard \$2.50.

Storm Cloth: 65% Polyester, 35% cotton blend. Downproof, water-repellent, very easy to wash. Excellent for parka and windbreaker material. 45" wide. Forest Green, Denim Blue, Navy, Rust, Tan. #250258 per yard \$3.50.

Supernyl: Handsome finished 2.2 oz. nylon taffeta. Wind-tight, downproof, water-repellent. 45" wide. Copper, Forest Green, Navy, Orange, Red, Tan. #250266 per yard \$2.50.

Cordura: Excellent, durable 11.5 oz. urethane coated on one side, for packs or sport bags. 54" wide. Blue, Forest Green, Orange, Desert Sand. #250407 per yard \$6.00.

Nyltown: Fire-retardant, tough 4.25 oz. weatherproof tent floor material. 45" wide Camel. #250134 per yard \$2.65.

1.7 Ounce Coated Ripstop Nylon: Fire-retardant, weatherproof tent rainfly material. 45" wide. Forest Green or Orange. #250175 per yard \$4.00.

Miscellaneous

Velcro Tape: Pocket and cuff closure. Requires both a Loop and Hook side. Black only. Minimum order is 12" per side. Available in two widths.

3/4" wide. Hook side only #256164 per inch \$0.03. 1/2" wide. Loop side only #256172 per inch \$0.03.

1" wide. Hook side only #256180 per inch \$0.04. 1" wide. Loop side only #256198 per inch \$0.04.

1" Nylon Webbing: Minimum order is 12 inches. Black, #256131 per foot \$0.25.

2" Nylon Webbing: Minimum order is 12 inches. Black, #256149 per foot \$0.45.

Alpine Cord: Drawstring material, 3/32" diameter, Blue. Minimum order is one yard. #256107 per yard \$0.12.

Kenyon Seam Sealer: Used for coating seams on tents, rainwear, tie-tarps, etc. 2 fluid ounces in squeeze tube, dries clear. #657098 per tube \$1.50.

Holubar sleeping bags will give you top performance for many, many years with unmatched dollar value.

A balance of comfort, warmth and weight

Our sleeping bags are designed with a body-like shape of constant girth from the shoulders down to the hips, tapering to a roomy, flared foot. The constant shoulder/hip girth provides a comfortable space for movement of arms or turning of the shoulder or hips. This girth increases proportionately with each increase in sleeping bag length. The sleeping space created by our modified mummy shape provides as much ease of movement and comfort as possible within the size and weight constraints of backpacking.

Keeping warm

Inside our modified mummy shape, soft folds of the inner lining shape around your body, reducing the air pockets around your body, arms and legs, essentially shrinking the volume of air which must be warmed by your body heat. Therefore, the utilization of body heat has been improved and our high quality grade of Goose Down provides an efficient layer of insulation to trap the heat generated by

your body. The Down fill is held at a firm thickness or loft within channels formed by sewing an interlining baffle, at regular intervals between the inner and outer sleeping bag shells. You can note this interval by the visible, external stitching running around the circumference of the bag. All our bags have a channel block

baffle on the side opposite the zipper that prevents Down shift from top to bottom. We have calculated a precise amount of Down fill for each channel to assure a non-shifting, efficient insulating loft throughout the bag . . . for your warmth and comfort.

Functional features

All our bags employ full-length (70") zippers for easy entrance or exit. Most of our models feature a large tooth #10 Y.K.K. VISLON zipper which is self-lubricating for easy running, especially in cold weather. Weight saving models such as the Trimlite and Convertibag use a medium size #5 Y.K.K. VISLON zipper. A two-slider system allows you to open and ventilate the foot end while the shoulder area remains zipped.

All zippers are backed by a plump, Down filled tube to eliminate cold spots along the zipper. Two bags of opposite openings and same zipper size will zip together (#10 to #10, #5 to #5) to form a roomy, double bag. Our Down insulated hood draws up completely around the sleeper's head, and the shoulder girth snugs down by a drawstring and cordlock system to reduce heat loss through the head and shoulder area. You can draw them up together or independently, just another important Holubar feature that adds to your comfort and warmth.

Tough, dependable fabrics

Our sleeping bag outer shell material is selected from one of three different fabric weights (.75oz., 1.5 oz. and 1.9 oz.) depending on the general use of a particular model. For example, the Timberline is made from 1.9 oz. ripstop because it generally receives rough use in the warmer months on bare ground or rocky

soil; whereas, the Ultimate is made from a light weight .75 oz. ripstop nylon because it is generally used inside a tent, pitched on snow. All our ripstop nylons are flame retardant, downproof, and treated with a durable, ZEPEL® water-repellent finish.

One reason Holubar sleeping bags last so long is our unique baffle material and construction. Internal baffles are cut from strong 1.1 oz. ripstop nylon and sewn to the outer shell with sturdy rolled seams. In our bags with parallelogram Down channels, the ripstop baffling is hot cut to prevent raveling, an additional feature which increases durability and longevity. Our "V" baffle bags use a continuous piece of fabric so raveling is not a problem. Both inner and outer shells are serged (a zig-zag reinforcing stitch) at head and foot before joining them to add extra strength at these stress areas. The strong framework formed by ripstop nylon baffles and shell will give you many years of rugged use and with a little gentle care should last you a lifetime.

Touch of pride

A single seamstress performs the entire sewing construction of each bag, excluding down filling and zipper setting. Her skill and craftsmanship, along with a "touch of pride" goes into each bag from start to finish, something not found today in our world of mass produced products.

Accessories

A sleeping bag liner made from 1.1 oz. ripstop nylon will keep the inside of your bag clean and saves wear and tear. Available for the Timberline, Royalight, Ultimate and Ponderosa models. See page 28 for complete details.

The Holubar sleeping bag cover protects the outer sleeping bag shell, especially important when a tent is not used. Ties on the bag cover fasten to ties on the Timberline, Royalight, Ultimate and will also work on the Trimlite and Convertibag models although ties are not furnished on these bags. Use of liners or covers will not prevent zipping two bags together. See page 28 for complete details on the sleeping bag cover.

Temperature ratings

The minimum temperature ratings quoted for each of our sleeping bags is conservative. We would rather build in a safety factor rather than receive a complaint. We do not use a range of figures as we do not believe a sleeping bag built for cold weather will be comfortable in high temperatures. There are simply too many variables (altitude, metabolism, wind chill, humidity) that affect a bag's performance.

See pages 22 and 23 for more facts about Holubar sleeping bags.

Some Facts About Goose Down

The function of an insulation in a sleeping bag is to provide a dead air space to trap and prevent the loss of body heat to the surrounding environment. However, due to the fact that the body also gives off a considerable amount of moisture, the insulator must have the ability to breathe, a characteristic which allows the moisture to escape and prevent a chilling factor. For backpacking, the insulator should also be lightweight and compressible for packing on the trail.

For most backpacking conditions, Goose Down is still the most versatile and efficient in fulfilling the requirements of breathability, weight, small packing size and long service life. For certain regions of the country with wet climates or outings such as running a river where you face a high risk of getting wet, we recommend a synthetic filling but its durability and longevity in sleeping bags is still questionable.

Goose Down has the inherent ability to "spring back" after being removed from the stuff sack and provides an efficient, insulating thickness. The life of this resiliency is directly related to the quality of the Down . . . an important reason why Holubar never compromises on the quality of the Goose Down used throughout our product line. We use one grade of Goose Down exclusively which has a minimum filling power of 550 cubic inches per ounce of Down. Holubar has for a number of years, chosen a Goose Down superior to that required by any Federal Regulation (FTC GUIDES FOR THE FEATHER AND DOWN PRODUCTS INDUSTRY, Promulgated October 29, 1971), because we sought to purchase the finest raw materials available on the commercial market. This remains true today even though other manufacturers have chosen to lower the standards of Down quality used during periods of high raw material demands. Each batch of Goose Down arriving at Holubar has been tested and test results documented to verify the above figure.

In your shopping research, you should be aware that Goose Down is available in a variety of mixtures and quality, and in most cases it really depends on the integrity of the sleeping bag manufacturer as to the identity of the insulation. The cost of high quality Goose Down will be going up in 1977 due to the limited world market supply forcing manufacturers of sleeping bags and garments to either raise their prices or substitute lower quality down to minimize price increases to the consumer. However, Holubar is currently carrying a large inventory of our standard high quality Goose Down to assure you that throughout 1977 our quality will not be compromised and price increases will be minimized.

You can depend on Holubar for high quality sleeping bags at a very reasonable price . . . compare feature for feature and evaluate the dollar value received. Our friendly, trained sales staff is ready to serve you.

Trimlite

An ultra-lightweight sleeping bag for Spring through Fall camping, rated to 15° F.

Designed for the weight conscious backpacker who wants a lightweight bag, in a minimum packing size without sacrificing performance and dependability. Six inches of loft in this bag with an unbelievable total weight of 42 ounces* has proven to be more than adequate for three season use in Colorado high country. You can expect four season use in the Southwest and similar warm climates.

The outer shell is 1.5 oz. ripstop nylon (Flame Retardant) with 1.1 oz. ripstop nylon baffling forming the parallelogram Down channel system. The Goose Down has a minimum fill weight of 550 cubic inches per ounce with 60% of the Down fill in the top half of the bag. Each Down channel is blocked on the side opposite the zipper to prevent the Down shifting from one layer to the other.

The 70" #5 YKK VISLON (tooth) zipper is insulated by a plump, full length Down tube, and reinforced with 1" webbing and nylon mesh to prevent the zipper from catching the fabric. You can order either a left or right opening zipper and opposite opening Trimlites will zip together for a double sleeping bag. A double zipper slider allows you to unzip from the bottom for ventilation.

The contoured neckline can be readily adjusted in girth by a drawstring system independent of hood, which can also be drawn around the sleepers head to close out drafts and help retain body heat. The hood, also baffled to control down shift, is designed for comfort as well as insulation.

The waterproof 6" diameter x 13" stuff sack features a top sealer flap and a handy bottom pull tab for easy removal of the bag. Every Trimlite comes with an oxford nylon 22" x 33" storage sack for storing your bag in a loose roll when not on an outing.

-------	---------	----------

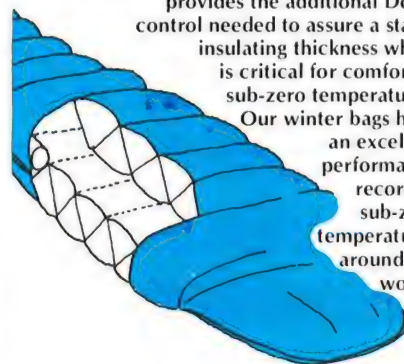

Parallelogram Baffle

Over the past 31 years, Holubar has found the slanted baffle wall (or parallelogram channel cross-section) to be an ideal configuration for our sleeping bags in the Summer (Three Season) temperature classification, as it provides excellent Down control in a temperature range to 0°F., plus it offers a weight savings as additional baffling (added Down control) is not really needed for that temperature limit.

Triangular "V" Baffle

In our winter bag classification (for bags rated in sub-zero temperatures) we have found that the triangular channel cross section ("V") provides the additional Down control needed to assure a stable insulating thickness which is critical for comfort in sub-zero temperatures. Our winter bags have an excellent performance record in sub-zero temperatures around the world.

Holubar Channel Block

Within each Down channel, on the side opposite the zipper, we sew in a Downproof baffle (full channel depth) which completely "blocks" the channel and prevents the Down from shifting from the bottom half of the bag to the top half of the bag due to body weight or from top to bottom when stuffing or rolling your bag. The

HOLUBAR CHANNEL BLOCK was first developed by Holubar and we feel it is an important feature for controlling Down shift and maintaining constant loft in all of our sleeping bags from the TIMBERLINE model through the ULTIMATE model. In fact, in our ULTIMATE model, where comfort in extreme sub-zero temperatures is dependent on a reliable, uniform insulation density, we employ five CHANNEL BLOCKS in each channel to form six individual Down compartments per channel — the ultimate in Down control found in no other bag on the market!

Timberline

A sleeping bag with year around versatility, rated to 0° F.

The Timberline has been in our line for about 19 years, proving itself year after year as a very reliable bag for backpacking, camping, or fishing . . . truly a wise investment because of its long service life and high dollar value.

A modified mummy design provides a non-restricting sleeping space along with all the warmth and comfort of Goose Down. About 60% of the total Down fill is in the upper half of the bag and the filling power is 550 cubic inches per ounce of Down. Each Down channel formed by the 1.1 oz. ripstop baffle system is 6 inches wide with a parallelogram cross-section. A channel block baffle opposite the zipper side minimizes any chance of cold spots by controlling Down shift. The overall loft is 8 inches.

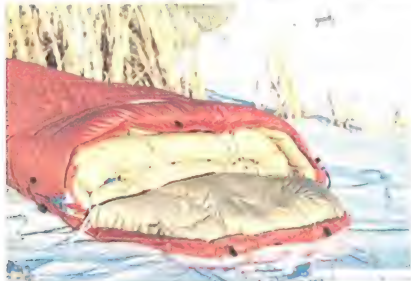

The outer shell is a durable 1.9 oz. ripstop nylon (Flame Retardant) in new contrasting colors. The Timberline is available with either a left or right side, 70" #10 Y.K.K VISLON zipper. A plump Down filled tube insulates the entire zipper to eliminate any cold spots. Opposite opening Timberlines of any length will zip together to form a large, roomy double bag.

Shoulder girth can be drawn in to shut out drafts and the hood serves as a pillow or can be drawn around your head with a cord-lock drawstring system. Stuffs to a 10" x 18" stuff sack which is included along with a handy storage sack.

#100081C: TIMBERLINE (Burgundy shell with Tan lining).

Down Collar

An Original Feature by Holubar

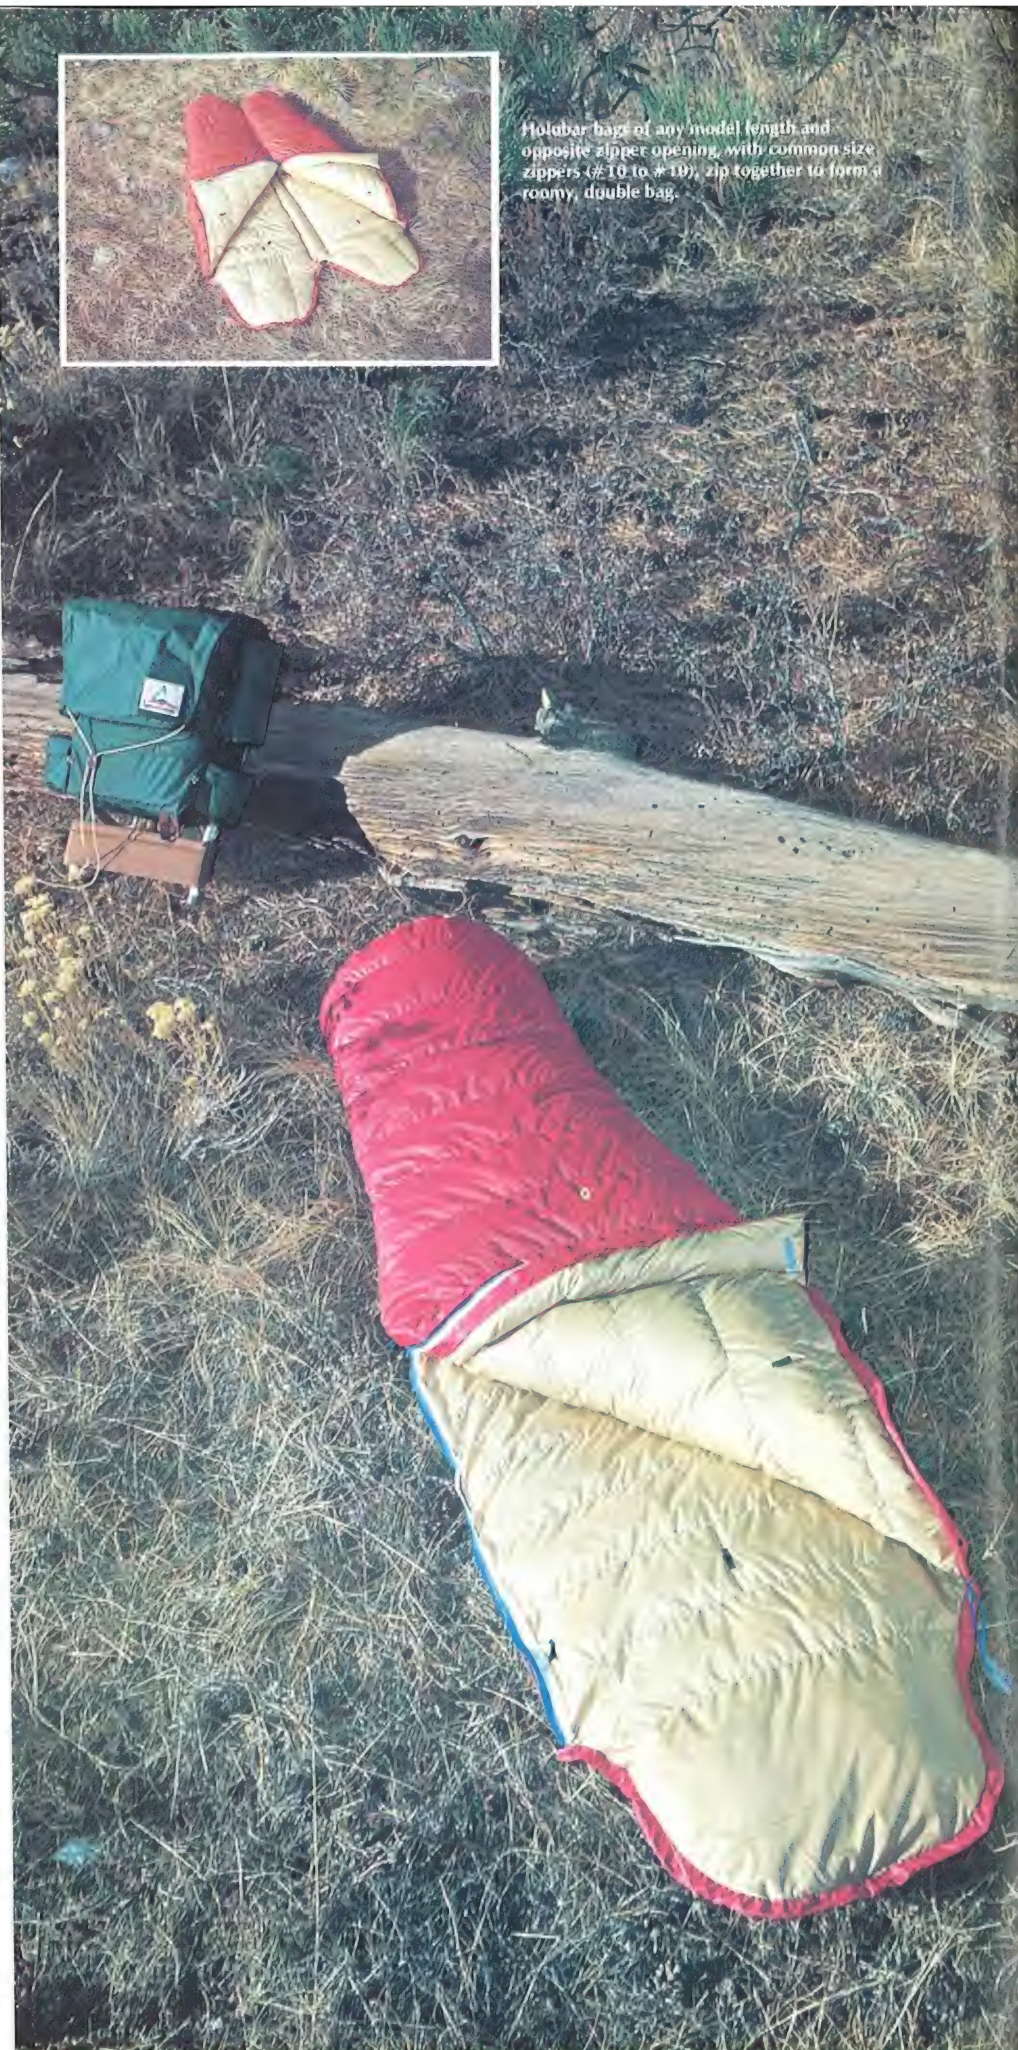

The HOLUBAR COLLAR is a Down-filled tube (8½ inches wide, with 3½ oz. of Down) permanently sewn into the bag to form a collar just above the top shoulder Down tube of the bag. The collar has its own drawstring and can be closed independently of either the shoulder drawstring or the hood/face drawstring — providing draft-free warmth without head restriction. Closure of the "HOLUBAR COLLAR" on the zipper side is by use of VELCRO tape.

The HOLUBAR COLLAR is ONLY available for Holubar sleeping bags and it is more convenient to order with the original bag order. If you desire a collar sewn into your present Holubar bag, please enclose return postage with the price of the collar when you send in your Holubar bag. Your bag must be cleaned prior to sending it to us.

#102046A: HOLUBAR DOWN COLLAR
\$22.00 (6 oz.).

Holubar bags of any model length and opposite zipper opening, with common size zippers (#10 to #10), zip together to form a roomy, double bag.

Royalight

A winter bag with "V-Baffle" design, rated to -20° F.

One of the finest sleeping bags available for maximum warmth with absolute minimum weight and pack size, the superior construction and Holubar quality workmanship of the ROYALIGHT will give you a sleeping bag for a lifetime.

The outer shell fabric is a tough 1.5 oz. ripstop nylon in Copper. The internal baffle system (1.1 oz ripstop nylon) is sewn to the outer shell with sturdy rolled seams. The overlapping "V" Downproof honeycomb structure maintains constant Down thickness and prevents Down shift of the uniformly distributed 550 cubic inch fill Goose Down. The original HOLUBAR CHANNEL BLOCK opposite the zipper side, blocks or prevents Down shifting from the bottom half of the sleeping bag to the top half due to body weight or from top to bottom when stuffing or rolling the sleeping bag.

The ROYALIGHT is available with either a left or right side zipper, 70-inch Y.K.K. VISLON #10 with a two-way double pull slider system. A large Down filled tube insulates the entire zipper to eliminate any cold spots. Waterproof stuff sack (#7) included and a handy, non-confining sack for use during storage of the bag.

#100099C: ROYALIGHT (Copper shell with Tan lining).

6'6"	3 lbs. 14 oz.	5 lbs. 13 oz.	\$198.00

Convertibag

Use it by itself or inside another bag for added warmth. Rated to 40° F.

Available in three lengths, the CONVERTIBAG features a half-length, side zipper . . . unique in that you can simply turn the bag inside out to reverse the side opening. An important versatile feature in the liner application as one CONVERTIBAG can be used with the different side opening bags you may own.

Quilted seams form 8" x 10" rectangular Down compartments to hold the 550 cubic inch fill Goose Down insulation. Nylon, flat-lace ties, along with snaps, secure the CONVERTIBAG in place (with any Holubar bag), and for non-Holubar bags, we furnish instructions on how to sew flat-lace ties into your bag.

A non-insulated hood "envelope" slips over the hood portion of your bag, or for hoodless bags and the CONVERTIBAG by itself, simply stuff with clothing to form a pillow! The shell fabric is 1.5 oz. ripstop nylon with a smooth running, 35-inch #5 Y.K.K. zipper.

#100057B: HOLUBAR CONVERTIBAG (Blue).

New! Ptarmigan Dual Bag

We've combined Goose Down and PolarGuard® for year around, all weather versatility.

The Ptarmigan concept features an inner sleeping bag (Trimlite #100107C) that gives you all the comfort, warmth and weight advantages of Goose Down in parallelogram Down channels. By itself, it's an ultra lightweight bag for three season use, rated to 15° F. The outer (Redwood #658070C) PolarGuard® bag, rated to 30°F, offers all the advantages of a synthetic fill in wet climates or activities such as canoeing, rafting or kayaking where your gear could get wet. Either bag can be used by itself and features full-length #5 Y.K.K. VISLON zippers protected against cold spots by a draft tube, certainly top quality bags in every respect. (See page 22 for complete Trimlite features).

With the Trimlite inside the Redwood bag, Goose Down and PolarGuard® combine all their advantages into a winter bag rated to -20° F. The inner bag gives you the efficient insulating qualities plus the cozy comfort of Goose Down. The outer layer of PolarGuard® can still function as an insulator in wet snow conditions or even when body moisture passes through the Down and condenses in the cooler outer layer during freezing conditions. The two bags are secured with five ties to prevent twisting of one bag within the other. Truly, a unique marriage of the top sleeping bag insulations available today.

Each bag comes with a stuff sack, a third for the dual configuration plus a storage sack. Colors: Burgundy outer bag; Royal Blue with Tan lining inner bag. Available in left or right opening.

#658096C: PTARMIGAN DUAL BAG.		
Length	Up to 5'11"	Up to 6'5"
Total Weight	6 lbs. 3 oz.	6 lbs. 14 oz.
Price	\$149.50	\$159.50

Redwood

Rated to 30° F.

An excellent summer bag featuring PolarGuard®, with its unique ability to maintain its insulating value when wet. The outer shell is 1.9 oz. ripstop nylon with an off-set, double layer of 7 oz. PolarGuard® in both top and bottom halves of the sleeping bag. The Redwood's inside shoulder girth is 64" to provide additional inside room for a Down liner giving this bag year around versatility.

The full-length #5 Y.K.K. VISLON zipper is insulated against cold spots with a full-length draft tube and opposite opening Redwood's (or Bridger, Trimlite, Teton models) will zip together. Waterproof stuff sack included. Holubar Liner and Cover accessories are not available for this model. **#658070C: Redwood (Burgundy).**

Length	Up to 5'11"	Up to 6'5"
Shoulder Girth	64"	64"
Total Weight	3 lbs. 9 oz.	3 lbs. 14 oz.
Price	\$57.50	\$60.50

Bridger

Rated to 15° F.

The modified mummy shape features an outer shell of durable 1.9 oz. ripstop nylon with an offset double layered construction of PolarGuard® 9 oz. outer lining with a 9 oz. inner lining quilted at 8" intervals. All quilting seams are insulated by a 4" offset of the two layers. Roomy, flared circular foot provides added sleeping comfort.

The full-length #5 Y.K.K. VISLON zipper is protected by a "draft-tube" and features an auto-lock slider system. Opposite opening Bridger's will zip-together or mate with any Holubar Down sleeping bag utilizing a #5 Y.K.K. zipper (Trimlite, Teton). Waterproof stuff sack included. Holubar Liner and Cover accessories are not available for this model. **#658062C: BRIDGER (Navy).**

Total Weight	4 lbs. 10 oz.	4 lbs. 15 oz.
Price	\$65.00	\$69.00

Unzipped, the PONDEROSA is a full-size comforter-blanket ideal for camper, boat, home, or cabin.

Ponderosa

Rectangular bag that opens completely flat.

The Holubar PONDEROSA combines the efficiency and lightweight of a backpacking sleeping bag with the generous size of a fully rectangular bag. The ideal combination for the backpacker or trailer camper who likes a roomy sleeping bag.

Warm to about 0°F. with no cold seams or cold spots.

The outer shell in Blue 1.9 oz. ripstop nylon with the interior overlapping "parallelogram" Down channels made from 1.1 oz. Downproof ripstop nylon. Down fill is 550 cubic inch fill Goose Down.

The zipper system is made up of a 70-inch #10 (large size) Y.K.K. VISLON zipper (with two-way double pull sliders) full length along either left or right side allowing the same side ventilation as all other HOLUBAR sleeping bags. The second VISLON zipper is around the entire bottom end of the bag and slightly overlapping the side zipper, allowing the bag to be opened completely flat as a large Down comforter. Both zippers are backed by large Down filled tubes to eliminate any cold spots. The PONDEROSA will also zip to any other HOLUBAR sleeping bag for the zip-together feature.

Liners and cover fittings are complete in every bag, ready for liner and cover use if ordered with the bag, or if ordered later. Waterproof stuff sack (#7) and a handy storage sack are also included.

#100040A: HOLUBAR PONDEROSA (Blue).

6'4"	65"	3 lbs.	5 lbs. 11 oz.	\$160.00

Foam Pads

Add warmth and comfort with this high density polyurethane foam pad that won't bottom out or stiffen at low temperatures. Covered on top with a non-skid Polyester/Cotton fabric that also breathes to prevent moisture buildup on the underside of your bag. Bottom fabric is weatherproof, 2.7 oz. NYLPORT. Envelope flip top opening allows you to remove foam for cleaning of the cover.

Color: Desert Sand Top, Chocolate Brown Bottom.

#102079: 20" x 54" x 1 1/2" (Rolled Size - 5 1/2" x 20") **\$11.00** (27 oz.).

#102087: 20" x 54" x 2" (Rolled Size - 7" x 20") **\$12.00** (34 oz.).

#102095: 20" x 72" x 2" (Rolled Size - 8" x 20") **\$16.00** (44 oz.).

Ultimate

It's name tells the whole story . . .

Employing Holubar's highest standards of sleeping bag design, quality and workmanship, we sincerely feel this is the finest sleeping bag made today.

Warm to -40°F. and below, with no cold stitched through seams or cold spots — this is truly the "ULTIMATE"!

The outer shell fabric is a tough, ultra-light .75 oz. ripstop nylon in Royal Blue. The inner baffle system used 15 yards of 1.1 oz. Downproof ripstop nylon to make up the 146 separately sealed, overlapping "V" channels that hold the precisely weighed, 550 cubic inch fill Goose Down.

The ULTIMATE has a 70-inch #10 (large size) Y.K.K. VISLON zipper with a two-way double pull system. The ULTIMATE has a constant girth from the shoulders through the hips and tapers to a 41" girth at the roomy foot end.

The HOLUBAR DOWN COLLAR is a standard feature on the ULTIMATE. Waterproof stuff sack (#8) included, plus a handy, non-confining sack for use during storage of the bag.

#100032C: HOLUBAR ULTIMATE (Blue).

Flame Retardant (FR) treated, TEMPER KOTE Ripstop rainfly extends below the sidewalls for complete rain protection.

Expedition Tent Snowflaps (Optional)

Snowflaps are designed to pitch the tent floor by using sod, rocks or snow in place of or in addition to tent stakes. Snowflaps will "hold down" the floor to prevent snow from blowing under the tent in high winds.

Made from the same heavy duty 4.0 oz. Super K-Kote, Nytown floor material, SNOWFLAPS are sewn permanently to the tent by a flat felled type seam and can be folded under the tent if not needed. Extend 10" from floor perimeter.

#107060: EXPEDITION SNOW FLAPS (optional) \$29.00 (Avg. Wt. 10 oz.).

Expedition

Our High Altitude, Maximum Stability Tent!

Designed with features for the serious mountaineer — the EXPEDITION is a great high altitude snow tent, combining rugged dependability, and maximum stability in high winds.

The spacious interior is 9½' long, 5' wide, with a front and rear canopy height of 47" and the vertical sidewalls are 12" high. Flame Retardant (FR) fabrics are used throughout the tent and rainfly. The floor is a heavy-duty 4 oz. URETHANE coated nylon and the canopy is a breathable 1.9 oz. ripstop nylon. The Rainfly is a Polymer coated (TEMPER KOTE) 1.5 oz. ripstop nylon. The tent features two doors, one a varmint proof, zippered triangular door and the other a 42" tunnel style door. Both are backed by zippered mosquito netting doors. Inside, you'll find a semi-circle zippered cookhole, two hang pockets, and loops for a ridgeline clothesline. Sectioned (shock cord) aluminum poles, stuff sack (#11) and 14 tent stakes included.

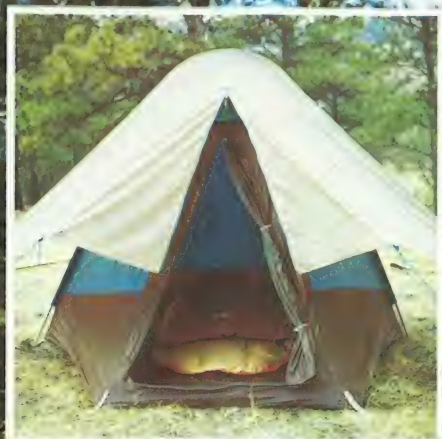

Color: BRIGHT GOLD Canopy/BROWN Floor and Sidewalls, BEIGE Rainfly.
#107243A: EXPEDITION TENT, Complete with poles, rainfly, and stakes. **\$182.00** (10 lbs. 1 oz. complete). **#107045A: EXPEDITION RAINFLY ONLY \$44.00** (Avg. Wt. 2 lbs. 6 oz.). **#107052: EXPEDITION FROST LINER (optional) \$27.00** (Avg. Wt. 1 lb. 4 oz.).

Floor Size	5' x 9½'
Front and Rear Height	47"
Side Wall Height	12"
Tent Weight	4 lbs. 14 oz.
Rainfly Weight	2 lbs. 6 oz.
Pole Set Weight	1 lb. 12 oz.
Rolled Tent Size	7" x 21"
Total Tent Weight (w/stakes)	10 lbs. 1 oz.

Holubar Tent Poles

All poles used in our tents are custom made to Holubar specification from 6061 T6 alloy drawn aluminum tubing. Pole section lengths are compatible with backpacking requirements and inter-connect with a 3/16" diameter nylon/ rubber shock cord (except Chateau & Villa arches) that will remain elastic in extreme cold temperatures. Connecting pole ends are tapered with increased wall thickness to give you added strength at each joint. The top connecting piece for the A-frame design is aluminum with steel pins for added strength and grooved to keep the guy lines in place. The bottom section of each pole has a pin that inserts into the grommet of the tent pullout to prevent sinking into snow or soft ground.

Weatherproof Polymer coated TEMPER KOTE ripstop nylon rainfly with zippered front entrance.

Chateau

An Easy-to-Erect, Lightweight Three-Man Tent!

The CHATEAU is big and roomy . . . with a floor space measuring 10'5" long, front width 7'2" and rear width 5'5". To add to the internal living space, the front peak height is 5'6" and 28" at the rear peak. The external pole system allows you full use of the internal space. Inside you'll find four handy storage pockets and ridge loops for attaching a clothesline.

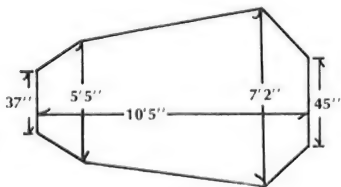

The CHATEAU has excellent ventilation with a tunnel vent at the front arch backed by mosquito netting and two large window vents (7" x 57" each) on each side of the breathable nylon fabric canopy. All tent and rainfly fabrics are Flame Retardant (FR) treated.

The floor fabric is a durable 2.7 oz. URETHANE coated nylon that extends up the sides to give you a sidewall of 8" in the rear to 23" at the front entrance. Immediately inside the front door you'll find a double-layer floor section to provide added strength and durability for the entry way. The front weatherproof door opens with one zipper down the side and one zipper across the bottom, both smooth running, #5 Y.K.K. VISLON type zippers. Across the entrance is a 6" high varmint proof sill. The mosquito netting door zips like the front door (varmint proof) and ties aside when open. The catenary cut canopy is breathable, 1.9 oz. ripstop nylon, and the rainfly is a Polymer coated (TEMPER KOTE) 1.5 oz. ripstop nylon which extends beyond the perimeter of the tent for good rain protection.

The tent pitches with four stakes in normal use but two additional tie-outs and front and rear guy line loops are available for added stability in high wind conditions. When fully guyed, the CHATEAU has proven to be very stable in high winds. A total of 14 stakes are included with the tent. The sectioned tent poles (with internal shock cord) are high strength aircraft aluminum tubing, including the two piece front and rear arches which couple to the main tent poles.

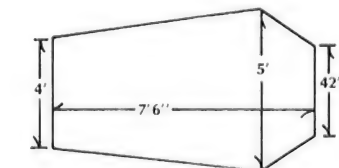

Colors: BLUE Canopy/BROWN Floor and Sidewalls. BEIGE Rainfly.

#107235A: CHATEAU TENT, Complete with poles, rainfly and stakes. \$200.00 (10 lbs. 4 oz. complete). #107128A: CHATEAU RAINFLY ONLY \$52.00 (Fits 1973-77 Models).

Chateau Tent

Floor Size	10'5" x 7'2" x 5'5"
Front Height	5'6"
Rear Height	28"
Side Wall Height	8' - 23"
Tent Weight	4 lbs. 7 oz.
Rainfly Weight	2 lbs. 10 oz.
Pole Set Weight	2 lbs. 2 oz.

Rolled Tent Size	10" x 22"
Total Tent Weight (w/stakes)	10 lbs. 4 oz.

1.5 oz. Flame Retardant (FR) treated ripstop nylon rainfly.

Royalight II

The "Go-Anywhere" Two Man Tent!

A very popular two man tent with a very good space to weight ratio.

The overall length of the durable, 2.7 oz. URETHANE coated nylon floor is 7½' long, 5' wide near the door and tapers to 4' wide at the rear. Front peak is 4'6" and tapers to 2½' at the rear. Floor extends up sides to form the 12" vertical sidewalls — the result is roomy living space! Triangular front door is closed by zippers on the sides, and top of door can be left unzipped for ventilation. New weather flaps protect the zippers from blowing snow or rain. Mosquito netting door zips down one side and across bottom (varmint proof) and ties aside when open.

Large, insect-tight ventilator at rear peak provides maximum ventilation. Tent canopy is made from 1.9 oz. 11-A ripstop nylon. Our weatherproof rainfly made from a 1.5 oz. Polymer coated (TEMPER KOTE) ripstop nylon provides excellent "weather-proofing" in rainy weather. Aluminum tent poles sectioned with shock cord inside are included with tent (A-frame in front, single vertical pole in rear). Stakes (14 required for tent and rainfly) included. Flame Retardant (FR) treated fabrics are used throughout the tent and rainfly.

Guy lines included. Tent with poles rolls to 6" x 21" in a weatherproof nylon carrying bag (included). Color: BLUE Canopy/BROWN Floor. BEIGE Rainfly.

#107227A: ROYALIGHT II TENT, Complete with poles, rainfly and stakes. \$135.00 (6 lbs. 14 oz. complete).

Royalight II Tent

Floor Size	5' x 7½' x 4'
Front Height	54"
Rear Height	30"
Side Walls Height	12" - 9"

Rainfly Weight	1 lb. 13 oz.
Pole Set Weight	1 lb. 2 oz.
Rolled Tent Size	6" x 21"
Total Tent Weight (w/stakes)	6 lbs 14 oz.

4-Man

A Spacious Center Pole Design for Families!

A big, roomy lightweight tent for the backpacking family or the serious mountaineer . . . it's center pole design is easy and fast to erect.

The roomy interior starts with an 8' x 8' square floor plan with a center canopy height of 6'. The sidewalls increase from 8'' at the corner to 18'' at the midpoint of the sides to form hooded peaks over zippered triangular windows backed by mosquito netting. The canopy on the front and rear sides slope to form a 3' peak to accommodate a front, zippered triangular door and a rear tunnel door. Both doors are backed by mosquito netting.

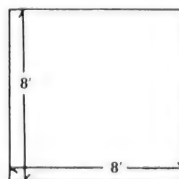

Flame Retardant (FR) fabrics are used throughout the tent and rainfly. The tent floor is a heavy duty 4 oz. URETHANE coated nylon; sidewalls are 2.7 oz. URETHANE coated nylon, and the canopy is 1.9 oz. breathable, ripstop nylon. The rainfly is a 1.5 oz. Polymer coated (TEMPER KOTE) ripstop nylon. The aluminum center pole is sectioned with shock cord and adjusts in height for uneven terrain. Weatherproof stuff sack (#12) and 14 tent stakes included.

Color: BRIGHT GOLD Canopy/BROWN Floor and Sidewalls, BEIGE Rainfly.

#107250A: 4-MAN TENT, Complete with poles, rainfly and stakes. \$225.00 (10 lbs. 11 oz. complete).

4-Man Tent

Floor Size	8' x 8'
Front and Rear Height	36''
Center Height	6'
Side Wall Height	8'' to 18'' to 8''
Tent Weight (11-A)	5 lbs. 12 oz.
Rainfly Weight	2 lbs. 14 oz.
Pole Weight	1 lb.
Rolled Tent Size	9'' x 22''
Total Tent Weight (w/stakes)	10 lbs. 11 oz.

Flame Retardant (FR) treated rainfly extends beyond tent perimeter for good rain protection.

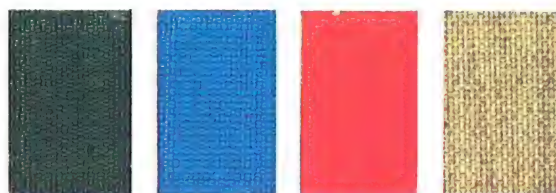

Rear tunnel door is backed by mosquito netting.

COLOR CHART FOR FABRICS USED IN HOLUBAR KIT AND READY MADE CLOTHING

To insure the quality you've come to expect from Holubar, all fabrics are meticulously selected for the strength of the thread used in the weaving process, the tightness and strength of the weave, and color purity.

CORDURA

A very heavy-duty (11.5 oz. per square yard), durable and strong oxford weave fabric. Used in packs for good scuff and tear resistance. Coated for a water repellant finish.

Forest Green

Blue

Orange

Desert Sand

SUPERNYL

A lightweight nylon taffeta, tightly woven for high abrasion resistance and tear strength. It's smooth finish adds a very handsome look to our vests, jackets, parkas, and mitts. Downproof and water repellent.

Forest Green

Navy

Red

Gold

Copper

STORM CLOTH

This blend of 65% Polyester and 35% Cotton produces a fabric which is extremely durable in every way. It withstands abuse of weather, brush, rocks, etc., and machine washes beautifully. Downproof, water repellent and very comfortable. We use it for vests, jackets, parkas, and gaiters.

Forest Green

Navy

Orange

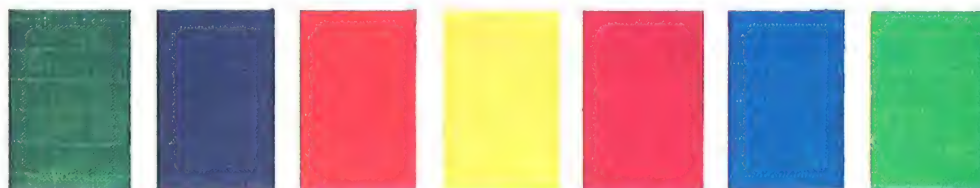

Tan

Rust

Denim Blue

1.9 oz. RIPSTOP

A lightweight, downproof, color-fast, and water repellent nylon fabric. An excellent choice for vests, jackets and sleeping bags with durable wear resistance characteristics.

Forest Green

Navy

Copper

Bright Gold

Burgundy

Royal Blue

Kelly Green

ORDERING INSTRUCTIONS

Ordering by mail is easy and convenient. Once you have selected your items, simply fill out the attached order blank and mail in the furnished self-addressed, postpaid envelope.

PAYMENT: Our policy is payment with the order and we must have receipt of payment prior to the shipment of the merchandise.

- By CASH (check, money order)
- By CHARGE CARDS (AMERICAN EXPRESS, MASTER CHARGE and BANK AMERICARD are honored).

CANADIAN SHIPMENTS: If you desire shipment to a Canadian address, please note the following postal rates:

PARCEL POST: \$1.75 for the first 2 lbs. Each additional or fraction of a pound is 50¢. Parcel may be insured.

AIRMAIL: 17¢ an ounce (goes as first class mail and may not be insured but can be registered). \$1.25 Fee for Value to \$100.00: \$1.65 Fee for Value to \$200.00.

SIZE & WEIGHT: Limited to 35 lbs. and 72" for length and girth combined. (Skis, ski poles, frame packs and hammocks are greater than 72", sorry!)

CUSTOM DUTY: You will be required to pay a Canadian Duty and Tax upon receipt of the package(s). If you plan to return any part of, or the entire order, for the purpose of exchanging those item(s), please check with your custom officials first so that duty does not have to be paid twice in the case where the item does not change value.

Eureka Highlite

The Highlite is an economical, lightweight, compact tent — ideal for backpacking, mountaineering, or cycling. It comfortably accommodates two people, and there is room to spare for gear in the Highlite's floorless front vestibule. The Highlite is equipped with several features for stability and protection: its classic low profile includes an A-framed front and a single lower rear pole for great strength and wind resistance. Canopy is F/R 1.9 ounce breathable ripstop, the floor, lower walls, and fly are all F/R ounce weatherproof coated ripstop. Fly is hooded front and rear, and secured to the tent by shock cords. Nylon coil zippers.

Color: Orange Floor with blue canopy.

#656082: HIGHLITE TENT Complete. \$93.50 (6 lbs. 3 oz. complete.)

Height (rear)	33"	Stakes (inc. stuff sack) Wt.	1 lb. 2 oz.
TOTAL WT.		6 lbs. 3 oz.	

Eureka Timberline Tents

The unique Draw-Tite Eureka design has become famous over the years, and deservedly so. These tents are self-supported and suspended from an aluminum frame with shock cords, which greatly increase their poles' strength margin under conditions of high wind or snow load. The Timberline is easy enough to set up that it makes an excellent family tent, yet its A-frame design and strength make it a good choice for the serious backpacker.

A-type front door in conjunction with large rear window provides excellent cross ventilation, and easy entry. All zippers are freeze resistant nylon coil. Major seams are double stitched with rot resistant polycore thread. 1.9 ounce ripstop K-Kote flame retardant nylon is used in wraparound floor which extends up the sides of the tent. Inside pockets for small articles, as well as D-rings for a clothesline. The 1.9 ounce ripstop roof canopy features a bias cut for increased strength. The fly is hooded at both ends and secured to the external frame with shock cord. Complete with stakes.

Eureka

Tarp Tent

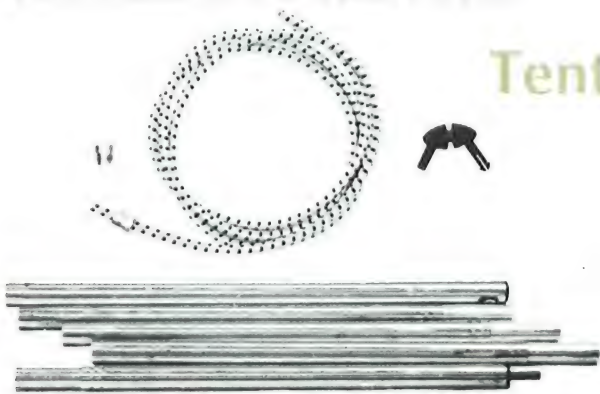

The flame retardant 2.5 oz. double URETHANE coated NYLPORT HOLUBAR TARP can be pitched in several different configurations to provide adequate shelter, or can be used as a ground cloth, or a multiplicity of backpacking "meke-do's"! The HOLUBAR TARP is 9' x 11' and has twelve grommets around the edge. Color: Avocado #107151: HOLUBAR TARP TENT, \$29.50 (1 lb. 9 oz.).

Tube Tent

Polyethylene tubing of a durable heavy gauge, 9 feet in circumference, 9½ feet long (one man). A convenient lightweight shelter that can be strung over suspended cord and closed at one end as desired. The two-man size is 12 feet in circumference and 9½ feet long. #656066: ONE MAN TUBE TENT, \$2.25 (1 lb. 7 oz.). #656074: TWO MAN TUBE TENT, \$3.50 (2 lbs. 1 oz.).

Tent Accessories

SMC Replacement Pole Parts

Either A-frame or vertical poles can be made. All poles of two or more sections may be shock corded. For A-frame poles, use the SMC Top Swivel Connector. Any length pole may be made by stacking more than one middle section and trimming the top section. A-frame poles must have one top and one bottom section; vertical poles must have two bottom sections (a spike at both ends is necessary). Instructions included.

#657106: SMC Pole Top 14½", 1½ oz.	\$1.03
#657114: SMC Pole Middle 12", 1½ oz.	\$1.03
#657122: SMC Pole Bottom 11½", 1½ oz.	\$1.20
#657130: SMC Pole Shock Cord, 1 oz.	\$1.35
#657148: SMC Top Swivel Connector, ¼ oz.	\$.60

The two man cloth is one piece waterproof ripstop nylon with grommets at the corners and in the middle of each side. All sides are finished sewn. Assorted colors. Sizes approximate.

#658591: ONE MAN, 40" x 92", \$11.50 (9 oz.).
#658609: TWO MAN, 55" x 93" \$14.95 (14 oz.).

Kenyon K-Kote Seam Sealer

A general purpose seam sealer for coated nylons that gives an added edge of protection against moisture seepage through seams and stitch lines. Seal the stitching lines on your rainwear, tents, tie-tarps, etc.
#657098: 2 fluid ounce squeeze tube, dries clear, \$1.50 (4 oz.).

New! Mountaineer Pack

A rugged built pack that will give you the protection against the normal scuffing action encountered when climbing or backpacking. Two compartments allow you to separate food and beverages from extra clothing giving you plenty of storage space for day hiking. The upper compartment features a slanted zipper (#5 Y.K.K. COILON) entrance and both compartment zippers are covered. The pack fabric is a heavy-duty 8 oz. urethane coated nylon duck with a second layer of 11 oz. Cordura nylon fabric covering the bottom plus extending up the sides for added durability. The foam padded, nylon web shoulder straps are secured to the pack with a reinforcing patch of leather and a waist belt prevents the pack from flopping or twisting on your back.

An ice axe loop and leather accessory strap holder can also be used to secure a fishing rod. Hauling loop included. Colors: Navy with Sky bottom; Desert Sand with Coca bottom. Top compartment volume: 284 cu. in. Lower compartment volume: 450 cu. in. Size: 7" x 12" bottom x 18" height. #752055A: \$22.00 (18 oz.).

Royal Pack

The Royal Pack is an ideal pack for ski touring or backpacking. The main compartment is 20" high with a 7" x 10½" (front) x 13½" (rear) bottom. The top opening has a 31" circumference with a drawstring with V-slide closure. This compartment features two 18 inch long heavy-duty aluminum stays for added support and comfort on the back.

In addition to the main pack compartment, the Royal Pack features a 2½" high x 10½" x 10½" handy compartment in the top lid. Access to the lid compartment is a 9 inch, #5 Y.K.K. COILON zipper with protective weather flap. Lid has two accessory strap holders on top (straps not included).

Two side pockets will hold most quart size bottles and each side pocket measures 10" high x 6" x 2½". Access to each pocket is through a nine inch #5 Y.K.K. COILON zipper with protective weather flap. Slots behind side pockets and leather ski guards hold four skis, or other gear to be "lashed on" securely in place.

Pack material is a coated heavy nylon duck. The pack bottom is a heavy-duty cowhide with a 2 inch scuff guard and features two accessory strap holders (straps not included).

The load is carried through two nylon shoulder straps, 2¾" inches wide, and has ¾" foam padding for added comfort. The waist strap is an adjustable ¾" wide flat nylon webbing. Colors: Navy or Desert Sand.

#108035A: \$49.00 (3 lbs.).

◀ New! Traveler Day Pack

An ideal pack for a short hike, school books or bicycling. Snugs close to the body to allow maximum freedom of movement and will not flop around.

The main compartment features a wide slant zipper (#5 Y.K.K. COILON) for easy insertion of notebooks or school books, and offers 900 cu. in. of volume (5" x 12" bottom x 17" high). A smaller outer pocket with zipper entrance provides an additional 284 cu. in. of storage space. Both zippers are covered and include leather pull tabs. The pack fabric is a heavy-duty, urethane coated nylon and the two inch nylon shoulder straps are foam padded and secure to the pack with a reinforcing leather patch. Hauling loop included. Colors: Navy or Desert Sand. #752063A: \$16.00 (10 oz.).

New! Side Kick Pack

Designed for the smallest member of the family who want their own outfit like grown-ups! Roomy enough to carry their own food or books and lunch. Urethane coated nylon pack fabric will hold up to all the "on the trail" conditions. Main compartment closes with a nylon drawstring/cordlock system and covered with a flap that buckles. Large outer pocket features a covered nylon zipper. Adjustable nylon webbing shoulder straps. 12" x 9" x 3 1/2" (405 cu. in.). Color as available. #752089: \$6.95 (6 oz.).

Hiking Staff

Functional, straight grained, kiln-dried ash wood staff for the hiker, camper or simply walking in the outdoors. Non-slip tip. Color: Walnut. Lengths: 46", 54", 58". #659110B: \$9.95.

Colorado Frame Pack

The COLORADO blends features from other brand frame packs into a pack unit that will give you many years of hard use, comfort and function. Comfort begins with our "s" shaped frame incorporating a performance proven, patented waistbelt system that is probably the most comfortable system made anywhere. The fully padded one piece wrap-around belt provides even distribution of load without pressure points. The wonderfully comfortable 8" wide, nylon mesh backband features a vertical stabilize that contours the backband to fit the shape of your back to prevent side-to-side wobbling that adds a stable, secure support. The padded, tapered shoulder strap assembly offers two attachment positions for size adjustment. The COLORADO frame is individually crafted from T6061-T4 aircraft quality aluminum tubing with four carefully heli-arc welded cross-pieces. The top member is a special "V" truss which adds great strength and the special shape allows a greater latitude of head movement than the conventional horizontal cross bar.

Function and versatility are provided by our packbag with its unique zip out divider that converts the pack from a conventional two compartment configuration to an open pack for large, bulky loads.

Packsack material is a very tough 8 oz. Urethane coated nylon duck (weatherproof) and to improve the water tightness of our packs, we have included zipper covers on all compartment and pocket zippers. Total load capacity, including the six pockets is 3472 cu. inches in the large and extra large sizes, 2972 cu. inches in the medium size . . . plenty of room for any backpacking trip. Colors: Desert Sand or Forest Green Packsack, Silver Anodized Frame. Sizes: Medium (up to 5'7"); Large (5'7" to 6'0"); Extra Large (over 6'0").

NOTE: Order one size larger if you are heavy for your height or long torso. Order one size smaller if you are light for your height or short torso.

#750133B: COLORADO Frame Pack, complete \$79.95 (67 oz.). #757237: Frame Extension, one size - \$3.25 (9 oz.).

New! Durango Pack

A very versatile pack with a total volume of 1865 cu. in. built from a heavy-duty, Urethane coated nylon pack fabric. The 11 oz. Cordura covered bottom and scuff guard add to the overall ruggedness and durability of this pack with capacity for overnight camping. The main compartment (6½" x 13" bottom x 17" high) closes at the top with a drawstring/cordlock system. The top flap serves as another pocket (maps, etc.) with a covered #5 coil zipper.

Two side pockets offer roomy storage space for beverage or fuel containers and sooth your temper with our easy access, over-the-top #5 coil zipper entrances with weather flaps. You can carry a full load in comfort with foam padded shoulder straps secured and reinforced by a leather patch. Hauling loop, ice axe loop and two leather accessory strap holders on the bottom plus adjustable waist belt provide an excellent dollar value for your investment. Colors: Navy with Sky Blue; Desert Sand with Cocoa. **#751081A: \$27.50** (18 oz.).

New! Trail Pack

Just right for dayhiking, touring, climbing or bicycling. Built from a rugged 8 oz. Urethane coated nylon pack fabric, the Trail Pack features foam padded shoulder straps for your comfort. The main compartment closes with a drawstring/cordlock system and further protected by a flap with nylon web strap and friction buckle. The roomy outer pocket has a covered #5 coil zipper entrance. A well built pack with excellent dollar value. Total volume: 1020 cu. in. Colors: Navy or Desert Sand. **#752071A: \$12.95** (11 oz.).

Camp Trails Adjustable II Skyline

This pack insures a proper fit for a growing body or use by the entire family, fits approximately 5' 3" to 5' 11". The frame is adjustable by setting the shoulder straps higher by 1" increments over a 4" adjustment range. The packsack is divided into an upper and lower compartment with a covered, coil zipper entrance on the lower.

A long top flap ties down around cord hooks and adjustable cord locks for easy entry and closure. The durable, Urethane coated nylon packsack features five outside pockets with covered coil zippers as well as a VELCRO® secured map pocket in the top flap. The S-contoured frame has four crossbars, a web backband, patented padded waistbelt, and padded shoulder straps. The total pack volume is 3050 cu. in. Colors: Blue or Green. **#750158A: \$49.50** (5 lbs. 3 oz.).

Handy Pack Straps

Strong nylon webbing straps for securing your sleeping bag, tent, ice axe, fishing rod, etc. to the outside of your pack. Features include a non-slip friction buckle and metal tip on free end to prevent fraying. Available in pairs only and assorted colors.

#757187: ½" wide by 12" long. Per pair — **\$1.00** (2 oz.).

#757252: ¾" wide by 24" long. Per pair — **\$1.25** (3 oz.).

#757203: ¾" wide by 40" long. Per pair — **\$1.50** (4 oz.).

Note: Many of the packs shown in this section of the catalog feature leather accessory strap holders without accessory straps. The straps must be purchased separately.

Shock Cords with Hooks

A convenient way to attach your sleeping bag to your pack, these stretch cords have many additional campsite uses.

#757211: 5/16" dia., 16" length
Wt. per pair 4 oz. 2 for **\$1.10**.

L/T Panniers

As the name implies, the L/T (light touring) ELITE Panniers are for the individual who keeps his load to a minimum in town or on the road. Two large, zippered compartments and two side pockets provide just the right amount of carrying space for those who travel light. Each pannier includes an internal aluminum stiffener that bolts to a very strong, adjustable, and most functional suspension system. Off the bike, these panniers snap together for an easy to handle piece of luggage with web handle. 9" x 11 1/4" x 4 1/2" each. Total volume is 1100 cu. in. Navy, Bright Yellow or Red. #756064A: \$39.50 (30 oz.).

tour
pak

L/T Handlebar Bag

The L/T ELITE Handlebar Bag combines with the K/T Front Bag Support to give you a very stable ride, without sacrificing convenience. The large main compartment features a covered zipper which goes around three sides for easy access from the rider side. There is also a VELCRO® closing strap for closing the main compartment while riding, eliminating use of the zipper. A large front pocket with zipper access provides additional carrying space. A waterproof, clear vinyl map pocket on top of the main compartment allows easy visibility while riding. Aluminum bottom stiffener prevents sagging. Shoulder strap included. Red, Bright Yellow or Navy. #756080A: 10" x 9 1/4" x 5 1/2" (600 cu. in.) \$29.50 (24 oz.) includes support.

Dog Pack

Not only does this pack have a neck strap, but also a rump strap to keep the pack from sliding over your dog's head. A buffer flap under each pannier keeps buckles and sharp-edged loads from chafing your dog. Each pannier has a double coated nylon bottom, and the top panel is padded for comfort. The three sizes work roughly as follows: Medium - Spaniels, Terriers; Large - Labradors, Goldens; Extra Large - Shepherds, Boxers (will not fit St. Bernards). HINT: The front end of the pack is the one with the concave end of the top panel. Color: Orange. #755009B: MEDIUM, \$24.25 (14 oz.). LARGE, \$25.00 (16 oz.). EXTRA LARGE, \$25.75 (18 oz.).

Snugli Carrier

Can be worn as a backpack, front pouch, or nursing sling, and will carry children up to 4 years old. Padded shoulder straps with security buckles and adjustable sliders. A detachable bubble bib which is washable, as is the entire Snugli. Tucks and darts in the rich corduroy fabric can be let out to make room for a growing baby, a full length zipper gives easy access. Arm and leg holes allow maximum freedom of movement. The Snugli carrier is handmade in a cottage industry of Dunkard farm women in Ohio. The extraordinary care which goes into the work is reflected in the elegant simplicity, and in its exceptional quality. Colors: Blue, Green, Red, Beige, or Gold (please give two color choices). #754069A: Snugli Carrier \$44.95 (1 lb. 6 oz.).

Seersucker Snugli

Identical to the style above in a seersucker fabric. Available in Blue or Red. #754077A: \$44.95 (1 lb. 1 oz.).

Travelpak

Carry it suitcase style or wear it as a backpack!

Perfect for outings to your summer cabin, a hike into the cool high country, toting your tennis gear, carry-along on the plane, or fishing and boating!

Made of durable Cordura nylon, with a weatherproof Urethane coating, the roomy 8" x 14" x 18" bag compartment features a perimeter zipper for easy entrance and a two slider zipper system allows you to zip up to a protruding tennis racket handle or fishing rod.

The comfortable nylon carry straps adjust into backpack shoulder straps for hiking or simply free your hands to carry other luggage or gear. In the backpack position, your back is protected by an inner lining of stiff foam . . . removable to give you an additional inside envelope pocket.

The Travelpak is constructed to our traditional high standards of craftsmanship with heavy-duty pack thread, lock stitching and reinforced stress points . . . all special techniques that contribute to a very rugged and durable finished product.

We invite you to try the Travelpak's flexibility for yourself . . . or as a gift for a friend. Size: 8" depth x 14" width x 18" height (2016 cu. in.). Folds down completely flat when not in use. Colors: Orange, Blue, Forest Green or Desert Sand. #108050A: \$25.00 (21 oz.).

- 8" x 14" x 18" size for any outdoor activity.
- Made of durable Cordura nylon with a weatherproof Urethane coating.
- Adjustable nylon carry straps.
- Removable inner foam lining to protect your back in the backpack position.
- Stores completely flat.

Charge by telephone . . .

If you live outside Colorado you may place your order by calling our TOLL FREE NUMBER 800-525-2540.

For Colorado calls or order inquiries, call (303) 442-8413 (sorry, we cannot accept collect calls nor is this line a TOLL FREE NUMBER).

Stuffel Bags

Designed to be Packed, Grabbed, Hauled or Toted.

Roomy, easy to handle utility bags for any type of travel or outing . . . you name it . . . with easy to "get at" storage space in four unique compartments and pockets. Available in two sizes.

These rugged all-purpose bags are built to "take it" with strong, long-wearing fabrics and zipper components. Sturdy construction with the traditional, handcrafted Holubar quality.

Features include . . . a "wet-bag" waterproof compartment with its own outside zipper entrance. You can store wet swim suits, towels or dirty clothes, separate from the contents of the main bag compartment. The main bag zipper entrance runs the entire length of the bag for easy access. Valuables or small items can be stored in the zippered security pocket inside the main bag compartment, a pocket between the handles can be used for maps or travel notes . . . its easy access eliminates having to rummage through all your clothing or gear! Double strap handles and end straps allow carrying by hand, over the shoulder, or on the back.

Meticulous construction is evident throughout. The main compartment zipper is a smooth running, dependable Y.K.K. VISLON coil with double pulls to accommodate a small luggage lock if desired (lock not furnished). Outside zippers are covered for all-weather protection. The bag fabric is a heavy-duty, 11.5 ounce nylon CORDURA with a Kenyon Super K-Kote water repellent finish. The "wet-bag" compartment is lined with a Urethane coated NYLPORT. Easy to care for . . . the STUFFEL BAG can be easily washed or dry cleaned.

Colors: Blue, Forest Green, Desert Sand or Orange

#108068A: MEDIUM STUFFEL BAG (20" x 11" dia.) \$17.50 (18 oz.).

#108076A: LARGE STUFFEL BAG (26" x 13" dia.) \$23.00 (29 oz.).

"Stuffel Bag" Shoulder Strap

2" black nylon webbing. Adjustable for desired length, steel snap rings at each end.
#108084: \$3.00 (4 oz.).

Belt Pack

With Nylon Straps

Put those small, miscellaneous items in a handy but out-of-the-way, comfortable location in this lightweight and compact BELT PACK. Access to over 390 cubic inches of storage space in this 14" x 6" diameter pack is a 12" nylon zipper. Pack fabric is water-repellent nylon duck with 1" nylon webbing, adjustable waist belt with anchor buckles. Two handy attachment rings can be used to tie anything on or attach BELT PACK to your back pack.

Colors: Navy or Orange

#108043A: \$12.00 (8 oz.).

Perfect extra storage for anything from fishing equipment to photographic necessities . . . leaves hands completely free!

Aladdin "Low Boy" Kerosene Lamp

A durable all purpose shelf or table lamp, Aladdin manufactures the Low Boy with a silver enamel finish. Aladdin's patented kerosene mantle burner emits a brilliant, steady white light adjustable in intensity. This lamp will burn for 50 hours on one gallon of economical kerosene. Smokeless, noiseless, odorless, and much safer than butane lanterns for cabin, trailer, or rural home. Total lamp and chimney weight (unfilled) is only three pounds.

#654152: Lamp complete \$24.95 (4 lbs.).

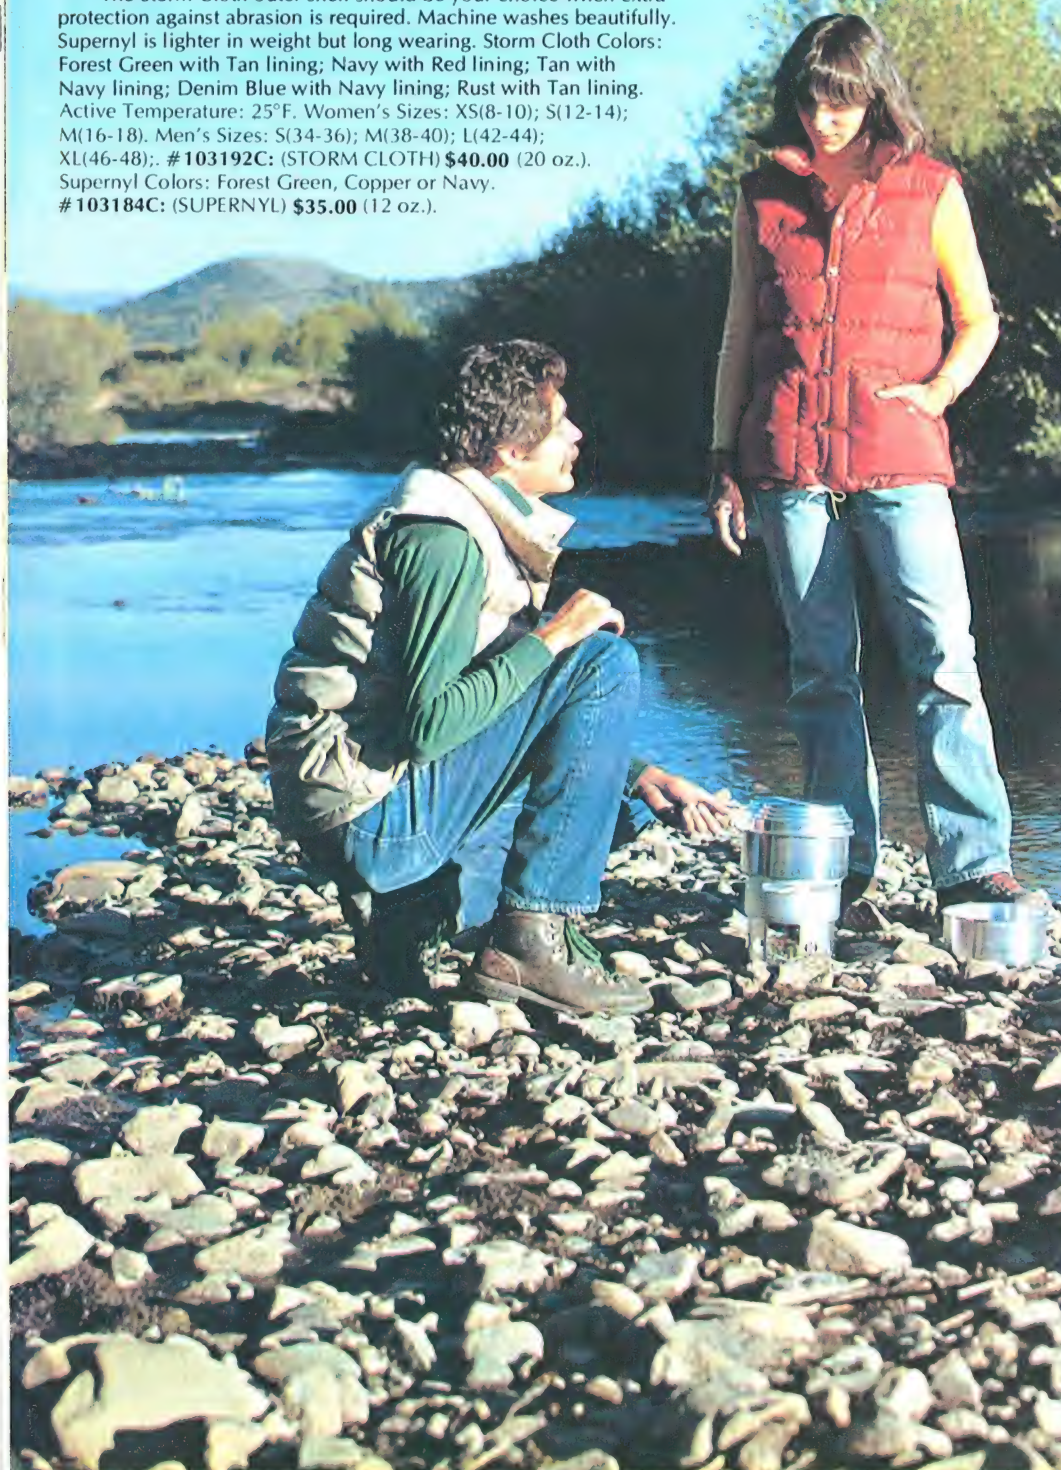

Deep Powder Vest

Available in Rugged Storm Cloth or Lightweight Supernyl

You can't beat the all-around versatility of a Down vest combining Goose Down warmth, ease of movement with a finished quilted style that allows you to wear this vest primarily as an outer garment — yet it will provide non-restricting warmth under another garment such as our YOSEMITE shell parka. Draft-free snap front, Goose Down insulated hand warmer pockets with snap flaps and a plump Goose Down filled stand-up collar — all in a jacket length with a bottom drawstring. Four inch wide, sewn-through-seam channels contain approximately 5½ ounces of 550 cubic inch fill Goose Down (size medium).

The Storm Cloth outer shell should be your choice when extra protection against abrasion is required. Machine washes beautifully. Supernyl is lighter in weight but long wearing. Storm Cloth Colors: Forest Green with Tan lining; Navy with Red lining; Tan with Navy lining; Denim Blue with Navy lining; Rust with Tan lining. Active Temperature: 25°F. Women's Sizes: XS(8-10); S(12-14); M(16-18). Men's Sizes: S(34-36); M(38-40); L(42-44); XL(46-48). #103192C: (STORM CLOTH) \$40.00 (20 oz.). Supernyl Colors: Forest Green, Copper or Navy. #103184C: (SUPERNYL) \$35.00 (12 oz.).

Heavy Duty Booties

Insulated with Down and felt padded soles for real comfort and warmth, the HEAVY DUTY BOOTIE is ideal for around camp, in your tent or sleeping bag or even around the house. Soles extend up around the sides for greater wear and ankle girth is adjustable with a VELCRO® tab. Upper fabric is dense, durable Supernyl in Navy or Gold. A great gift idea! Colors: Navy or Gold. Sizes XS(4-5½), S(6-7½), M(8-9½), L(10-11½), XL(12-13½). #103226C: \$28.00 (16 oz.).

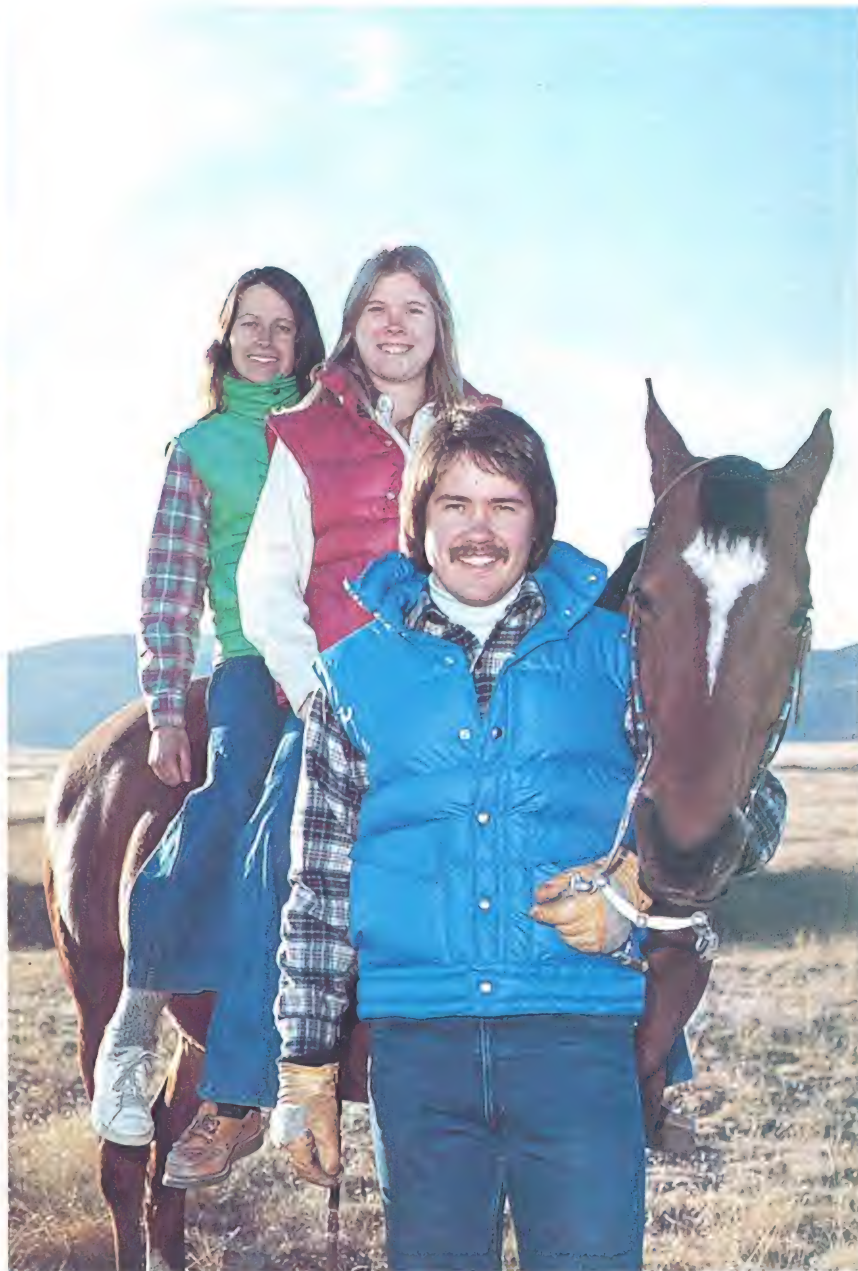

New! Junior Wilderness Vest

Patterned after the adult version, the Junior Wilderness will give your children the efficient warmth of Goose Down and an unusual amount of intricate sewing detail for children's wear. Rugged 1.9 oz. ripstop nylon can take the abuse of children's play. Colors: Royal Blue, Kelly Green, Bright Gold, Burgundy, Navy or Copper. #103283C: \$27.00

Size	Length	Down Fill	Total Wt.
4-6	16"	2 1/2 oz.	6 1/8 oz.
8-10	18"	3 oz.	7 1/2 oz.
12-14	20"	3 1/4 oz.	8 3/8 oz.

New! Wilderness Vest with contrasting "Warm-Up" Kit Sleeves.

New! Wilderness Vest

The ready-made version of our popular Juniper Vest Kit! Available for men, women and children.

The demand for our kit version has been so great that we felt you non-sewers would also appreciate the handsome styling, Goose Down warmth and the versatility of this go anywhere vest.

Designed to be worn as an outer garment with Down insulated hand warmer pockets behind the roomy storage pockets with VELCRO closure flaps. The vest features a durable 1.9 oz. ripstop nylon fabric and a wide shirt style collar which can be snapped around the chin. You'll find a Down vest to be one of your more useful garments on the trail, around town or campus! Colors: Royal Blue, Kelly Green, Bright Gold, Burgundy, Navy, Forest Green, Copper. Women's sizes: XXS(6-8); XS(8-10); S(12-14); M(16-18). Men's sizes: S(34-36); M(38-40); L(42-44); XL(46-48). #103275C: \$34.00 (11 oz.)

New! "Warm-Up" Sleeves Kit

Convert your Wilderness Vest to a versatile, warm Down Sweater!

Easy to sew in one evening, our new Warm-Up sleeves attach to your vest with VELCRO® (both mating parts included in the sleeve kit) giving you the option of a Down sweater or quick conversion back to a vest. On the trail, these lightweight sleeves store easily in a pocket or your pack. Available in all matching vest colors or try a colorful contrasting combination. Sleeves feature an adjustable girth cuff. State your vest size. #203257C: Adult XXS, XS, M, L, XL \$11.95 (7 oz.). #203265C: Junior 4-6, 8-10, 12-14 \$9.25 (6 oz.).

A special thanks to Bud Hays, owner of Hidden Valley Ranch, Boulder; and Arvilla Benette, owner of the horse, Capitol Doll.

Yosemite Parka

"Holubar Mountain Parka. Widely acclaimed as superior to any other mountain parka. It distinguishes itself with the following superb features: Handsome styling . . . Complete weather Protection . . . Great Versatility . . . Serviceability . . . Outstanding fabric . . ." (1963 Holubar Catalog.)

Roy and Alice Holubar were quite proud of the MOUNTAIN PARKA back in 1963 and rightfully so because it was a unique combination of versatility, rugged durability and handcrafted workmanship of the highest quality.

A versatile combination, the YOSEMITE with a Down vest or wool sweater.

Now, you can enjoy and appreciate these important ingredients in the popular YOSEMITE PARKA which evolved from the patterns of that original MOUNTAIN PARKA.

With time came new materials which we incorporated to give you an over-all improved parka. The new Storm Cloth shell, a blend of 65% Polyester and 35% Cotton, offers a tough barrier to abrasion and wind, sheds moisture with a water-repellency coating plus shapes to your body with a soft, supple comfortable feel. The upper body from the hood to the waist is lined with another layer of Storm Cloth for double protection against wind and moisture. We know from experience that wind parkas are exposed to many elements that cause soiling and you'll love the machine washability of Storm Cloth. The original Mountain Parka metal zipper gave way to the heavy-duty #10 YKK VISLON zipper which is more durable and easier running, even in freezing weather. The two-way slider system allows you to unzip from the bottom for ventilating action or non-restricting movement. The front zipper is covered by a snap draft flap that provides complete weather protection.

The YOSEMITE has no less than six pockets! Two large patch pockets are roomy and close with VELCRO flaps. Three zipper pockets offer good security: back pocket is a handy storage area for a sweater, Down Vest or lunch; one of two upper pockets has vertical entrance for easy storage of maps; second has slant entrance for valuables. These pockets utilize #5 YKK VISLON zippers, full covered and inset to protect against freezing. Flared cuff adjusts smaller by VELCRO tab. Lined Hood offers protection without obscuring vision. Adjustable inside waist drawstring.

The YOSEMITE PARKA is unmatched in sewing detail and quality workmanship — we ask you to compare and judge for yourself. Colors: Navy, Forest Green, Rust. All lined in Tan.

Women's Sizes: XS(8-10); S(12-14); M(16-18)

Men's Sizes: S(34-36); M(38-40); L(42-44);

XL(46-48)

#105007C: \$65.00 (1 lb. 12 oz.).

Wind Pants

A new lightweight wind breaker pant with full length side zippers to allow easy on or off without removing your boots. The fabric is a wind-tight, durable SUPERNYL with an all-finished seam construction to provide added durability. Side openings with snap flaps, allow easy access to your pant pockets. Elastic waist band with adjustable snap closures. Color: Navy.

Full length side zippers allow easy on or off without removing your boots.

Sizes:	SMALL	MED	LARGE	X-LARGE
Waist:	28-30	32-34	36-38	40-44
Inseam:	28½	30½	32½	34½

#105056B: \$21.00 (8 oz.).

Rocky Mountain Sweater

Designed to be used as either an under garment where its trim shape adds warmth without restricting movement or as a versatile, lightweight outer garment in place of a bulky jacket — actually equivalent to two wool sweaters with 5 ounces (size medium) of 550 cubic inch fill Goose Down warmth, quilted in square patterns for better Down control and insulation efficiency. The fabric is abrasion resistant, 1.9 ounce ripstop nylon, treated for water-repellency; snap front, two front slash pockets and all-nylon stretch knit collar and cuffs. Active Temperature: 20°F. Colors: Forest Green or Navy. Women's Sizes: XS(8-10); S(12-14); M(16-18). Men's Sizes: S(34-36); M(38-40); L(42-44); XL(46-48). #103085C: \$39.00 (16 oz.).

Low Gaiter

Made of two layers of tough, water-repellent Storm Cloth fabric in Navy. Can be taken on and off without removing boots. Nylon zipper is covered by a snapped flap, elastic top and bottom. Eyelets for lacing with a super flat lace (holds a knot!) under the instep. Height 6½". #105023: \$8.00 (5 oz.).

New! Windbar

Smart casual wear styling combined with our rugged Storm Cloth give you a very versatile wind breaker for the mountains, campus or around town. The contrasting Tan yoke adds a touch of western flavor but more importantly offers a double layer, water-repellent barrier across the shoulders which will shed moderate rains. Storm Cloth is a blend of 65% Polyester and 35% Cotton that has proven to be one of our most durable garment fabrics. Front pockets feature self closing flaps and are reinforced with bar tack stitching at the corners. A drawstring hood and waist, and adjustable VELCRO® cuff closures provide snug protection against drafts. Colors: Navy or Rust, with contrasting Tan yoke and pocket flaps. Women's Sizes: XS(8-10); S(12-14); M(16-18). Men's Sizes: S(34-36); M(38-40); L(42-44); XL(46-48). #105064C: \$44.50 (21 oz.).

Waterproof Gaiter

Our heavy-duty weatherproof gaiter. Height is 16 inches (below the knee) with elastic bottom and drawstring top. Bottom is cut like a spat with a front hook to catch on boot shoelace and elastic at ankle to give this gaiter proper fit for crampon use. Full length nylon zipper on back with snap flap. Ties for under instep. Colors: Orange or Navy. #105031A: \$13.00 (8 oz.).

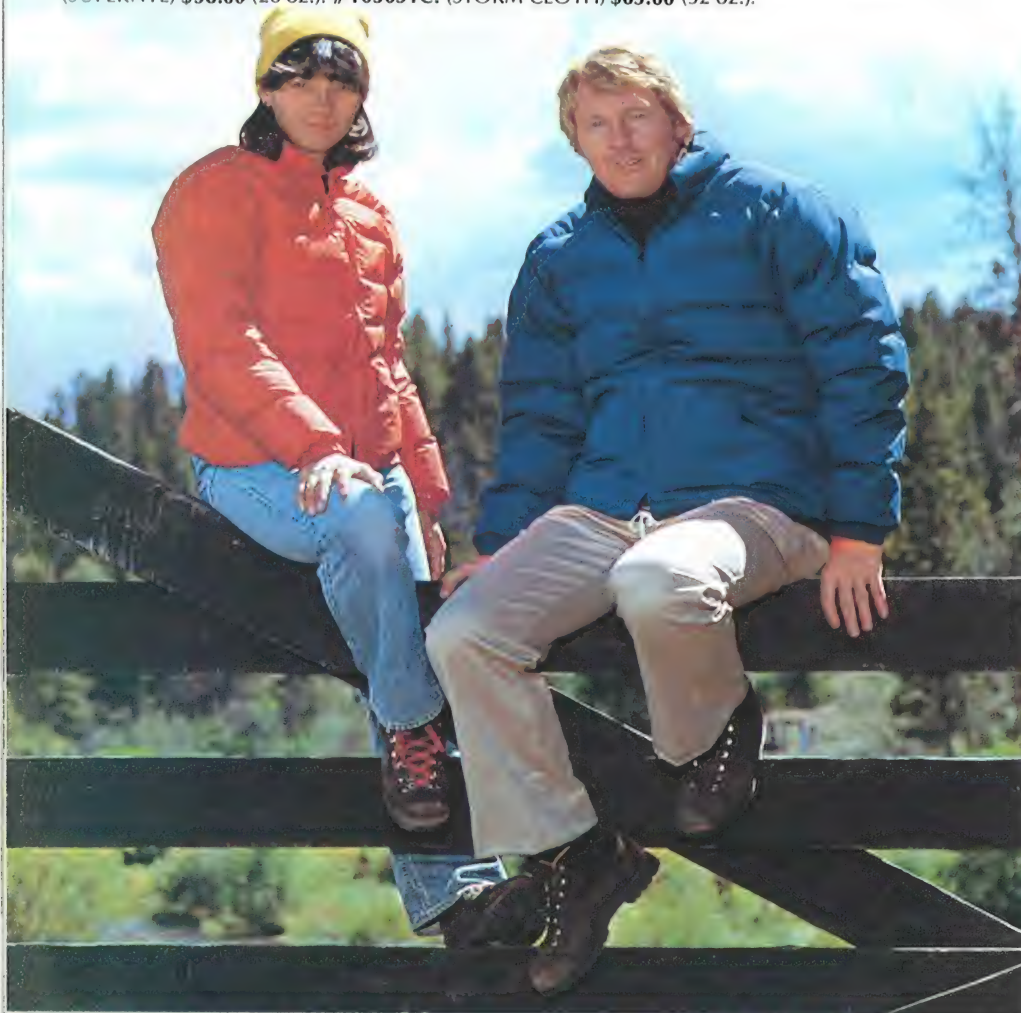

Greater Gaiter

For dry snow conditions, this is the greater gaiter of 'em all! Two layers of POLYESTER/COTTON Storm Cloth, nylon zipper with over flap and snaps, re-inforced bottoms of "PLY-SUEDE" to withstand the toughest use, these gaiters maximize protection and minimize condensation within because the fabric "breathes." Colors: Rust or Navy #105049A: \$19.95 (11 oz.).

Trail Jacket

As throughout our line, each TRAIL JACKET is individually made by a Holubar seamstress and features such intricate details as an inset front zipper with cording. Reinforced pocket corners and a finished look on the inside as well as the outside. The TRAIL is insulated with 10 ounces (Size Med) of 550 cubic inch fill Goose Down contained efficiently in narrow, quilted Down compartments throughout the body and sleeves. The outer fabric is a durable SUPERNYL, or rugged STORM CLOTH. The front closure is a smooth running #5 Y.K.K. DELRIN zipper inset for durability and further protected by a corded facing. Active Temperature: 0°F. Colors: Navy, Forest Green, and Copper SUPERNYL; Denim Blue, Navy, and Rust STORM CLOTH. Women's Sizes: XXS(6-8); XS(8-10); S(12-14); M(16-18). Men's Sizes: S(34-36); M(38-40); L(42-44); XL(46-48). **#103044C: (SUPERNYL) \$58.00 (26 oz.). #103051C: (STORM CLOTH) \$65.00 (32 oz.).**

Junior Ascent Parka

Meal missing warmth . . . you'll have a hard time keeping that youngster inside, even on some of those miserable winter days with the warmth of the JR. ASCENT. Down insulated with 550 cubic inch fill Goose Down (7 1/2 oz. in size med.) throughout the entire garment in horizontal quilted Down compartments, the JR. ASCENT offers the same warmth and comfort as the grown-up's parka. The outer shell and lining fabric is SUPERNYL, a durable dense nylon fabric. The new double pockets feature a VELCRO® flap storage pocket and an easy access Down insulated hand-warmer pocket. Snap band behind collar for optional Down Hood. Active Temperature: 0°F. Colors: Forest Green, Navy or Red.

Children's Size	Chest Size	Sleeve Length	Length
S	25"	26"	23"
M	27"	27 1/2"	25"
L	29"	29"	27"

#103101C: \$54.00 (31 oz.).

Glenhaven Jacket

Wear it by itself or under a windbreaker and enjoy the comfort and warmth of this ultra-light Goose Down insulated jacket featuring double patch pockets — a storage pocket with VELCRO® closure and a Down insulated hand warmer pocket. Narrow sewn-through-seam channels efficiently hold the 6 ounces (size medium) of 550 cubic inch fill Goose Down. Unique, multi-position wrist adjustment, stand-up Down collar and snap front plus choice of two outer fabrics — Storm Cloth or 1.9 oz. Ripstop Nylon, make the Glenhaven a popular addition to the Holubar line. Sized for Women XS(8-10); S(12-14); M(16-18), and Men S(34-36); M(38-40); L(42-44); XL(46-48). **#103069C: Ripstop (Forest Green, Navy) - \$46.00 (16 oz.). #103077C: Storm Cloth (Denim Blue/Navy Lining, Navy/Navy Lining) - \$52.00 (17 oz.).**

Ascent Parka

Great for ski touring, winter mountaineering as well as around town or on campus. A unique double pocket includes an outer cargo pocket with a closure flap secured with VELCRO®. Behind the cargo pocket is a Down insulated handwarmer pocket. All stress points of the pockets are bar-tacked for added strength and durability. You have a choice of two outer fabrics: STORM CLOTH or SUPERNYL, a densely woven, handsome finished nylon. The parka construction is one layer of horizontally quilted Down compartments, evenly spaced at 5 inch intervals.

The Ascent front closure, is a combination of a #10 Y.K.K. VISLON zipper (separating, 2-way with autolock slider) and a Down insulated draft flap with snap closure. 550 cubic inch fill Goose Down insulation is used throughout the entire garment with an average fill weight of 13 ounces. Inside waist drawstring, rolled style collar with snap closure, and snap band for optional ASCENT DOWN HOOD. Active Temperature: -20°F. Colors: Forest Green, Navy and Red in Supernyl; Forest Green, Navy, and Rust in Storm Cloth. Women's Sizes: XXS(6-8); XS(8-10); S(12-14); M(16-18). Men's Sizes: S(34-36); M(38-40); L(42-44); XL(46-48). #103002C: (SUPERNYL) \$70.00 (31 oz.). #103028C: (STORM CLOTH) \$79.00 (44 oz.).

Ascent & Alcan Hoods

#103010A: SUPERNYL HOOD \$16.00 (6 oz.).

#103036A: STORM CLOTH HOOD \$18.00 (8 oz.).

#103119A: JUNIOR ASCENT HOOD \$11.00 (4 oz.).

Alcan Parka

A smooth shell look complimented by a raglan sleeve design gives the ALCAN a very distinctive styling for cold outdoor sport activities as well as general wear around town. Insulated with 550 cubic inch fill Goose Down, you will be spoiled by all the warmth and comfort in such a lightweight garment. The size medium contains approximately 12 ounces of Goose Down in quilted, six inch square Down compartments covered by a functional windbreaker shell of tough, abrasion resistant Storm Cloth. The inside lining is supernyl, a smooth wind-tight nylon taffeta.

The stand-up, Goose Down insulated collar snugs around the neck (snap closure) to shut out drafts and includes a snap band for the optional ALCAN DOWN HOOD.

Front closure includes a combination of a #10 YKK VISLON Zipper protected by a Down insulated snap draft flap. Roomy double pockets feature a Down insulated hand-warmer pocket behind the outer cargo pocket covered with a VELCRO closure flap. A vertical breast pocket with zippered closure makes a handy storage place for valuables. An inside waist drawstring trims the parka to shut out drafts and increase warmth. The ALCAN is a unique combination of style and efficient Goose Down warmth! Active Temperature*: -30° F.

Colors: Forest Green, Navy, and Tan with Navy Lining.

Women's Sizes: XS(8-10); S(12-14); M(16-18)

Men's Sizes: S(34-36); M(38-40); L(42-44); XL(46-48)

#103093C: \$89.00 (2 lbs. 12 oz.).

Holubar Poncho A.

A durable coated ripstop poncho designed for wet weather protection. Snaps close the sides and form armholes, and the hood features a drawstring closure with a cordlock. Reinforced grommets on sides and corners also make it useful as a tie tarp shelter, or simply use it as a ground cloth. One size 60" x 80" in Blue or Green #456145A: \$20.95 (14½ oz.).

Holubar Pack Poncho B.

The same poncho as above (including snaps, cordlocks, grommets, etc.) but 20" longer. This fits over your pack while you're wearing it. The extra material folds under and snaps to a row of snaps across the back for use as a standard poncho. One size: 60" x 100" in Blue or Green. #456137A: \$23.95 (18 oz.).

Holubar Anorak C.

Great pullover style, hip length protection from foul weather. Features include drawstrings with cordlocks at the hood and bottom hem, zipper throat closure, Velcro® cuff closures, and a double entry front pouch pocket. Made from rugged coated Taffeta. Men's XS,S,M,L,XL in Blue or Rust. #456152C: \$23.95 (8 oz.).

Holubar Cagoule D.

A knee length version of the Anorak above with snaps at the bottom hem and under the arms to permit shortening to waist length for freedom of movement in light weather. Legs can be drawn up underneath fully extended cagoule for complete emergency shelter. Men's S,M,L,XL in Blue or Rust. #456129C: \$29.95 (12 oz.).

Holubar Rain Jacket E.

Double Urethane coated 2 oz. nylon Taffeta with snap front overlap providing weather protection for a full length #5 Y.K.K. double slide zipper. Features include drawstrings at hood and bottom hem, Velcro® cuff closures, special ventilation channels at front of shoulders, and two front pockets with weatherproof overlap. Available in Men's or Women's sizes XS, S, M, L, XL. Blue only. #456160B: \$28.50 (8 oz.).

Holubar Rain Pants F.

The best in rugged waterproof protection for your legs. The coated taffeta fabric resists snagging. Convenience features include a drawstring waist with cordlock, over-flapped slashes at the waist for access to pockets, and 14" zippers at each ankle for easy dressing while wearing boots or crampons. Elasticized; snap tab closure foot. Blue only. #453241B: \$18.95 (9 oz.).

	XS	S	M	L	XL
Waist	26-34	28-36	30-38	34-42	40-48
Inseam	28	30	33	35	37

Holubar Rain Chaps G.

Made from coated nylon Taffeta which resists snagging, tearing. Nylon lace on the top outside of each chap ties to your belt. Easy to put on over boots. S(26"-30" inseam), L(30"-34" inseam) in Blue or Green. #453225C: \$7.50 (S-3½ oz., L-4 oz.).

Expedition II Parka

The basic construction of the EXPEDITION II is two completely separate Down layers, sandwiched together in an offset position so that the external seams of the outer layer are insulated by a thickness of Down from the inner layer. The medium size contains approximately 19 ounces of Goose Down for warmth to -50°F in winds 40-50 mph.

The EXPEDITION II PARKA is available in a choice of two outer fabrics. Storm Cloth, a blend of 65% polyester and 35% cotton provides a very wind tight, water-repellent and abrasive resistant parka exceptionally suited for hunting and rugged outside work. Or 1.9 oz. ripstop nylon, a lighter fabric but offering all the durability of a ripstop weave.

The parka has five pockets. A Down insulated pocket for warming the hands covered by a handy bellowed cargo pocket utilizing a nylon zipper closure. Inside the parka is a breast pocket with VELCRO® closure that makes a handy "keeper" pocket for small items. The front closure of the parka is a two-way #10 Y.K.K. VISLON zipper with an insulated weather flap. Additional features include an inner stretch nylon cuff, a two drawstring system (one at the waist and one at the bottom hem) plus a Down filled collar with a snap closure, and snap band for attaching the optional EXPEDITION II HOOD. Women's Sizes: XS, S, M and Men's Sizes: S, M, L, XL. **#103143C: STORM CLOTH (Navy or Orange) \$115.00** (71 oz.). **#103127C: 1.9 RIPSTOP (Navy) \$105.00** (46 oz.).

Expedition II Hood

Goose Down insulated, snaps to a band below the parka collar. Down filled tunnel can be drawn closed by a drawstring and front closure VELCRO®. Colors to match EXPEDITION II PARKA.

#103135A: 11-A RIPSTOP \$20.00 (7 oz.).

#103150A: STORM CLOTH 1.9 oz. \$22.00 (10 oz.).

Paragon Parka

We unconditionally guarantee there is no other parka in this one's class.

To give you a few brief details: In regular use in Antarctica, this parka has proven to be warm at -80°F.

The PARAGON INCALESCENT differs from all expedition type parkas with its unique internal baffle system made of lightweight, Down-proof, 1.1 ounce ripstop nylon in an overlapping "V" Down channel design. The 5 inch wide "V" Down channels are used throughout the body, sleeves and hood to give you a "No-cold-seam" system for ultimate warmth. The "V" Down channels are filled with 550 cubic inch fill Goose Down (medium size contains approximately 30 ounces).

The outer shell fabric is 1.9 oz. ripstop nylon lightweight but tough enough to stand abuse. Front closes by a two-way #10 YKK VISLON zipper protected against the severest of conditions by a snap weather flap. The parka has five pockets, the two outer pockets actually being double (one over the other) with the inner pocket Down insulated for warming the hands, while the outer pocket is a roomy cargo pocket. The cargo pocket has a nylon zipper closure and a single flap with VELCRO closure covers both pocket entrances for added security. An inside VELCRO closed breast pocket is a secure place for small items. The sleeves contain stretch knit nylon cuffs. The permanent hood is Down insulated and features a Down filled tunnel. Active Temperature*: -80°F Garment Length**: 35"

#103168C: Sizes S(34-36); M(38-40); L(42-44); XL(46-48). Colors: Sky Blue or Orange \$210.00 (4 lbs. 1 oz.).

Expedition II Mittens

Complete protection against Arctic cold! Goatskin leather palm extends 1" beyond palm and thumb for extra wear. When your hand is inside, it can be placed against the leather for active use or withdrawn behind a layer of extra dense nylon laminated POLARGUARD which resists compression. Back of hand is protected by thick layer of Down filling. The outside is tough "Storm Cloth" fabric for durability and rugged wear. Inside cuff fits into sleeve of parka for a warm weather seal. One mitten back is covered with mouton wool to warm cheeks or rub nose. We believe these are the finest expedition mittens made! Navy or Orange. **#103218C: Men's S, M, L (Size Small will fit a women's size L). \$39.00** (12 oz.).

Expedition II Down Pants

Quilted construction holds the Down fill of 10 ounces of 550 cubic inch fill Goose Down in a shell of tough 1.9 oz. ripstop nylon fabric. The waist can be adjusted by a combination of elastic and drawstring. Suspender loops allow you to use suspenders (not furnished). Inseams feature a #6 Y.K.K. VISLON two-way separating zipper (protected by an outer snap flap) and insulated on the inside by a Down-filled tube.

Pants feature large cargo pockets with VELCRO closure just above the knee. Ankle closure is elastic.

COLORS: Navy 1.9 oz. Ripstop; Navy or Orange Storm Cloth

INSEAM: Med. (28"-31"), Large (32"-35")

#103234C: RIPSTOP NYLON, State INSEAM \$61.00 (1 lb. 10 oz.).

#103242C: STORM CLOTH, State INSEAM \$67.00 (2 lb. 3 oz.).

New! Western Chamois Cloth Shirt

Western yoke and pearl-like snaps give you a real down home, country western look to go with the comfort of soft 10 oz. chamois cloth (100% pure cotton). Men's S(14-14½); M(15-15½); L(16-16½); XL(17-17½). #454777B: Tan with Rust yoke \$24.50 (22 oz.). #454785B: Sky Blue with Navy yoke \$24.50 (22 oz.). #454868B: Rust with Rust yoke \$19.50 (22 oz.). #454876B: Green with Green yoke \$19.50 (22 oz.).

◀ Holubar Chamois Cloth Shirt

Truly the most comfortable shirt of thick, strong moleskin 100% pure cotton. Becomes as soft as genuine chamois through repeated washings. Unlike many chamois shirts which use an 8 oz. fabric, ours is made of 10 oz. cloth. Cut and tailored with extra long tails, two handy front pockets with button down flaps and double needle seams for better wear. Men's colors: Navy, Tan, Sky Blue. Women's colors: Navy, Tan, Sky Blue, Green, Rust. #454017C: Men's S(14-14½), M(15-15½), L(16-16½), XL(17-17½). \$16.25 (1 lb. 6 oz.). #434009C: Women's 10, 12, 14, 16. \$16.25 (1 lb. 4 oz.).

New! Leather Belt

A full grain, cowhide leather belt with a lustrous dark brown finish. Width is 1½", with removal screw rivets to attach your old favorite buckle or our new Holubar buckle. Belt sizes 26-38 (even). #459180B: Belt only \$8.00 (3 oz.). #459164: Holubar Buckle only \$6.00 (6 oz.). Note: Please see page 53 for a complete description of the Holubar Buckle.

◀ New! Plaid Flannel Shirts

Traditional plaids in casual wear styling for both men and women offer the comfort of imported 100% cotton flannel. Women's 10, 12, 14, 16. Men's S(14-14½); M(15-15½); L(16-16½); XL(17-17½). Red/Blue, White/Green, White/Red or Green/Red. #454884C: Men's **\$15.00** (11 oz.). #454827C: Women's **\$15.00** (9 oz.).

New! Chambray Shirt ▶

Colorful plaid western yokes now highlight a reliable work shirt to give you a versatile "work or leisure time" shirt in soft, comfortable 100% cotton. Pearl-like snaps on front, pockets and cuffs. Men's S(14-14½); M(15-15½); L(16-16½); XL(17-17½). #454751B: Blue shirt with either blue or red plaid yoke. **\$16.00** (10 oz.). #454769B: White shirt with either blue or red plaid yoke. **\$16.00** (10 oz.).

New! Open Air Shirts

Colorful, comfortable, easy to care for shirts that meet the demands of carefree, leisure time activities. Long or short sleeves in 100% cotton. Men's S, M, L, XL. #454835C: Short sleeve in Blue or Yellow — **\$8.50** (5 oz.). #454843C: Long sleeves in Blue or Rust — **\$14.00** (7 oz.).

New! Corduroy Shirts

Dependable corduroy with full placket front and patch pockets. A casual wear shirt for the outdoorsmen. Cotton (85%). Polyester (15%). Men's S(14-14½); M(15-15½); L(16-16½); XL(17-17½). #454793B: Sky Blue **\$18.00** (20 oz.). #454801B: Rust **\$18.00** (20 oz.).

Rugby Jersey

These jerseys combine comfort, durability, and style in a way that has made them a favorite around the country. They are a 100% cotton knit with triple reinforced collar band and unbreakable rubber buttons at the neck. How much damage do you think you can do to the same jersey worn by rugby teams? Ours have no numbers, but do come in a jellybean collection of colors. Sizes: Medium, Large.

#454249B: Blue/Gold, #454421B: Gold/Royal Blue/Red, #454256B: Blue/Red, #454439B: Sky Blue/Red/Gold, #454264B: Blue/White, #454512B: Kelly Green/Blue/Gold. Please give two color choices! \$22.50 (17 oz.).

Short Sleeve Rugby Jerseys

Now our famous New Zealand Rugby Jerseys are available in short sleeves for Spring and Summer wear! The fabric in this short sleeve model is a lighter, summer weight material for better ventilation and comfort with a pack on your back.

Sizes: Medium, Large

#454397B: Gold/Orange

#454405B: Gold/Royal Blue

#454413B: Green/Sky Blue

Please give two color choices! \$15.00 (10 oz.).

New! Holubar Belt Buckle

Now you can identify with our reputation for excellence and quality workmanship in the backpacking world with this 3" x 2½" pewter finish logo belt buckle. Accepts any belt width up to 1¾". **#459164: \$6.00** (6 oz.).

Stretch Hiking Shorts (A.)

Designed for hiking, backpacking or vacationing with a stretch fabric composed of 62% Polyester, 33% Cotton and 5% Spandex. Features include slash front pockets and two patch pockets; two rear pockets; and reinforced stitching at stress points. Colors: Tan and Sky Blue. Women's 8, 10, 12, 14, 16. Men's 28" - 38" (even). **#453043B: Women's — \$20.95** (10 oz.). **#453050B: Men's — \$20.95** (13 oz.).

Chouinard Corduroy Shorts (B.)

English made, 100% cotton medium wale fabric offers a very rugged short for backpacking or climbing. Button slit rear pockets with inside lining and inner pockets made from heavy cotton duck. One of the finest cord shorts we've seen! Color: Tan. Men's 28 - 38 even. **#453332B: \$23.00** (12 oz.).

Storm Cloth Pants (C.)

Combines the durability of our Storm Cloth (65% Polyester, 35% Cotton) with a double set of front pockets and bottom flapped rear patch pockets to give you a very functional pant for leisure-time or backpacking wear. Washable, Men's 30 - 38 even. Finished to a cuffless bottom per your STATED INSEAM. Tan. **#453365C: \$29.50** (17 oz.).

Chouinard Climbing Pants (D.)

As Yvon says, "they crossed a Mack truck with a pair of cowboy chaps" to come up with these tough, functional climbing pants. Double seat and double front from the waist to below the knees, bartacked and double stitched stress points combine with a real freedom of movement design cut to make these the best we've seen. Heavy cotton (100%) duck. Men's 28 - 38 even. State Inseam. **#453340C: \$24.50** (24 oz.).

Swiss Army Knives

The official knives of the Swiss Army. Each one is made by Swiss craftsmen under quality controlled conditions, according to time-honored methods. The blades, hot drop-forged from the finest stainless steel Sweden has to offer, are rustproof, tamishproof, and honed to razor sharpness. The brilliant red handles are acid and solvent resistant Elsinid plastic. The following models offer a wide variety of features to suit every need. You can make your choice secure in the knowledge that these are the original Victorinox Swiss Army Knives and are the best pocket knives available. An excellent gift idea!

Down Wt. **\$90.00** (3 lbs. 1 oz.). **#458042: KING** (101" x 86"), 2 lbs. 8 oz. Down Wt. **\$117.00** (3 lbs. 10 oz.).

Hudson's Bay "Point" Blankets

Originally introduced in 1670 for trade with the natives of the wilderness outside of England. The "Points" refer to the number of beaver pelts it cost to acquire one of the various sizes: 4 "Points" meant 4 beaver pelts. The best quality blanket we have found! Color: White with Green, Red, Yellow and Black Stripes. **#458000: 4 Point Blanket**, 90" x 72". **\$67.00** (7 lbs. 3 oz.). **#458018: 6 Point Blanket**, 90" x 100". **\$87.00** (9 lbs. 12 oz.).

New! Solid Color 6 "Point" Blankets

#458075: Red, 90" x 100".
\$87.00. (9 lbs. 12 oz.).

Scotch Plaid Blanket

Handsome styling in a bright traditional plaid pattern. This 72" x 90" blanket is made from 85% wool and 15% nylon with a 100% nylon edge to prevent fraying. Very durable for long lasting use. A perfect gift for friends. **#458059: Red Plaid**, **\$32.00** (3 lbs. 10 oz.). **#458067: Green Plaid**, **\$32.00** (3 lbs. 10 oz.).

Letters from our Customers

The main reason I wanted your Alcan coat was that I really was so cold at times that it was really unbearable to walk the two (2) miles I usually walk before breakfast, . . . my back (lower part) got so cold and my hands were just numb that I had to clap them to get circulation. What a difference now, really some people stare at me like they think I am a pillar of salt, if they only knew how cozy and warm I am.
Still have not any customer's for you but like that "White Owl Commercial": we haven't got you yet; but we're going to get you.

100% satisfied
Arnold Perling
International Falls, Minnesota

I am working on the Trans Alaskan Pipeline and am fully equipped with Holubar clothing which is definitely the best I have seen. I am a laborer and work under pretty harsh conditions much of the time but your clothing has stood up extremely well and kept me warm under the extreme artic conditions (-100° chill factors).

Thanks for all,

Ric Jagow
North Slope, Prudhoe Bay,
Alaska

The Kit was so easy! I am so pleased the way it turned out! Your instructions are so precise & explicit that I'm sure a beginning sewer can do it! I just can't tell you how excited I am about this Kit! Your pattern instructions are 100% easier than Vogue, McCalls, Simplicity, etc. & I've been using those for approximately 10 years!

Beth Glass
Anaheim, California

I have owned one of your sleeping bags, no longer in production but summer weight, for 12 years. For 9 of those years I have subjected it to heavy use — it has been through hurricanes, a tornado, countless rainstorms. All that time it has not only served me well but lasted like iron. It shows virtually no wear, it loses no down. And this after literally hundreds of nights out!
My thanks and appreciation.

Bill Localio
Greenfield, Massachusetts

I have just received your liner and bag (Royalight) in record time. I am very much obliged that both came in such a good time even through an air strike in Canada. I have dealt with other companies namely _____ and none could put a parcel this quickly (11 days) in my house. Thanks again for a speedy reply because the bag will be put to a very effective use this year both in climbing & backpacking.

Speed is not the most important factor rather the quality of the product. I believe that Holubar produces the finest quality down clothing and bags on the market. After testing it results were tremendous for such a light yet warm and comfortable bag. I do not believe I made a mistake in ordering such a high quality bag from such an efficient and well known company whose mail ordering department is tops.

Thanks again,

Sam Wirzba
Lethbridge Alberta Canada

I just wanted to write you and tell you how extremely happy I am with my comforter. I wasn't going to put your label on the comforter, but I did because I am so proud of your company. I will continue to be one of your best customers — thanks

Marcy Tepper
Sun Valley, Idaho

I would like to preface my letter by saying — I have never written to a company before for any reason, good or bad. However, I was so impressed with your Kits I felt I just had to write and tell you. I just finished making five (5) of your Mountain Parka Kits. The instructions were excellent and the quality of all materials superb. Thanks for making my sewing so much fun.

Mrs. Robert L. Clark
Ft. Benning, Georgia

Your new set of instructions are fantastic. If anyone can handle a needle — they can get it all together. Super Simple.

Alice Romes
Portage, Michigan

The instructions were very clear. It was one of the best garments I've ever sewn. Illustrations were excellent and extremely helpful throughout the assembly of my HIGH COUNTRY PARKA. All parts fitted together perfectly. I was amazed at the high quality in materials and workmanship which went into my kit. It made it well worth the money I paid for it. I also please in your service. It took only 9 days for my kit to arrive. I'm making the Juniper Vest for my brother for Xmas and I can't wait to get started.

Patrick Ugorcak
Detroit, Michigan

Can hardly contain my enthusiasm! I'm totally pleased — delighted — with the results of my first Kit, the Junior Highlander. Construction was remarkably quick, especially considering the very fine workmanship built into the design. I know there are easier ways to make a parka but they result in a garment of lesser quality. I'm really proud of this one and so is my 6 year old: "Look, look what my mom made for me today! Isn't it wonderful?" How gratifying! He's more pleased with it by far than if we'd bought one for double the price, and so am I.

Mrs. Charles W. Spangler
DeKalb, Illinois

Thank you . . .

We appreciate your thoughtfulness!

Safe-T-Snip Scissors

The handiest of all-purpose scissors with a multitude of uses for the outdoor sportsman and traveler. Rope, tape, cloth, line and leather are easily cut by the surgical stainless steel and heat-treated blades of these high quality and safe scissors.

#653030: 3 1/2". \$3.95 (1 oz.).

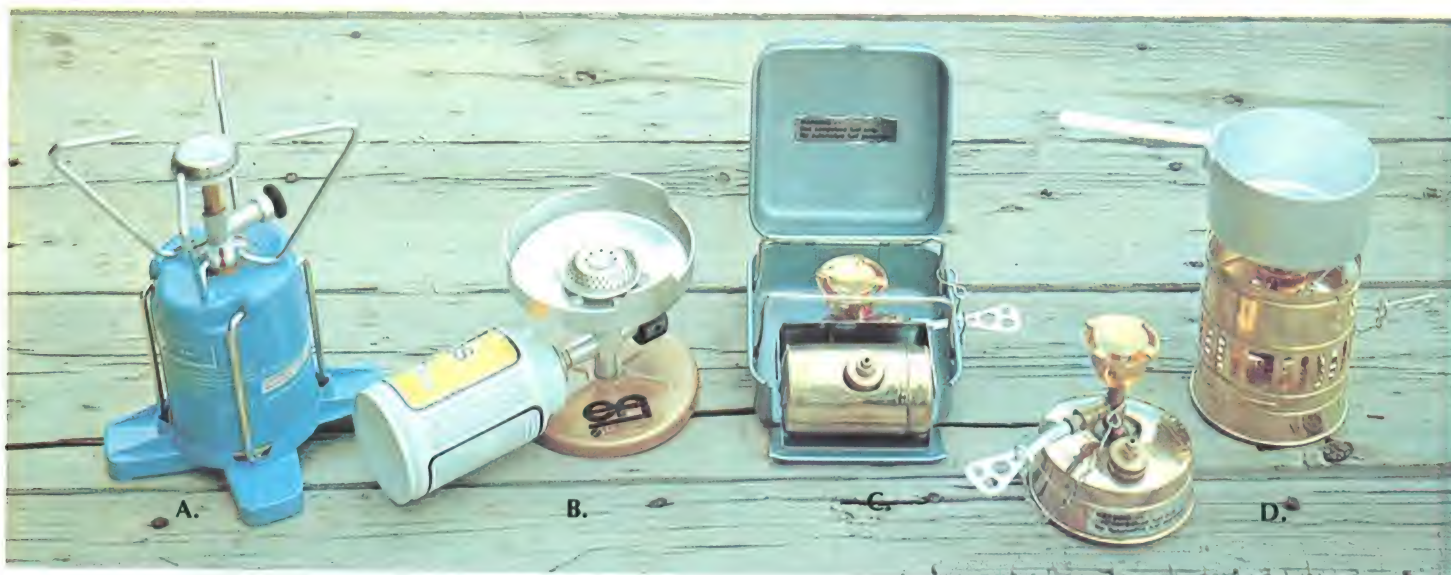

Mallory Flashlight

The handiest lightweight, non-corrosive compact flashlight for around camp! Small in size — big in power with a 250 ft. power beam. The 1 1/2" x 3 1/2" size allows it to be easily stored in your pocket, pack or glove compartment. A lanyard can be inserted for belt attachment. Comes with two Mallory AA size Alkaline Duracell Batteries. A great gift, a hundred uses. Ideal for camping.

#654004: Flashlight w/2AA cells. \$2.59 (3 oz.).

#654012: Two spare AA cells. \$1.59 (1/4 oz.).

Bleuet Stove (A)

Insert the disposable butane cartridge . . . just open and light! Cartridge lasts 2½ to 3 hrs. Regulating valve for heat control. 8" x 3¼" diameter. #500108: (Stove alone) \$12.95 (16 oz.). #501015: Windscreen \$1.75 (2 oz.). #501007: (Cartridge) \$1.40 (11 oz.).

Mini Stove (B)

A butane cartridge powered stove with large windscreen and compact low profile. 1½" x 4½" diameter. #500090: \$17.95 (18 oz.). #501049: (Cartridge) \$1.45 (10 oz.).

Optimus 8R (C)

A well designed white gas stove which is easy to prime and is self cleaning. 5" x 5" x 3". #500041: \$25.95 (24 oz.).

Svea 123R & 123UR (D)

The 123R model is an efficient, self-cleaning gasoline stove with small pot, handle and windscreen. Complete set packs into a compact 5" x 5¾" diameter — 1/3 pt. capacity. #500017: (123R) \$23.95 (25 oz.). The 123 UR is self cleaning without pot, handle and windscreen. #500033: (123UR) \$18.95 (20 oz.).

Mirro Nesting Billies

All aluminum billy pots with strong strap style handles and tight-fitting covers. #505031: 1 qt. \$3.75 (5 oz.). #505099: 2 qt. \$4.95 (7 oz.). #505107: 4 qt. \$5.75 (13 oz.). #505115: 6 qt. \$6.75 (19 oz.).

Mirro Nesting Kettles

Great outdoor cooking kettles made from durable, even-heating, heavy gauge aluminum. Tight fitting lids and strong bail handles included. #505123: 2 qt. \$2.95 (8 oz.). #505131: 4 qt. \$3.75 (14 oz.).

Hope One-Man Set

An excellent super-lightweight set for one person. Aluminum components include: 4¾" dia. x 1¾" deep bowl or cup with folding handles, and a 5" dia. x 2" deep bowl or cup with folding handles plus a lid that serves as a plate. #503078: \$4.20 (8 oz.).

Hope Mini Cookset

Five-piece nesting aluminum cookset with two deep stew bowls, one 1½ pint pot, one 1½ quart pot and one 2¼ quart pot. All pots include handles and a lid can be used as a plate. Excellent set for 2 people. Zippered carrying case included. #503094: \$15.00 (20 oz.).

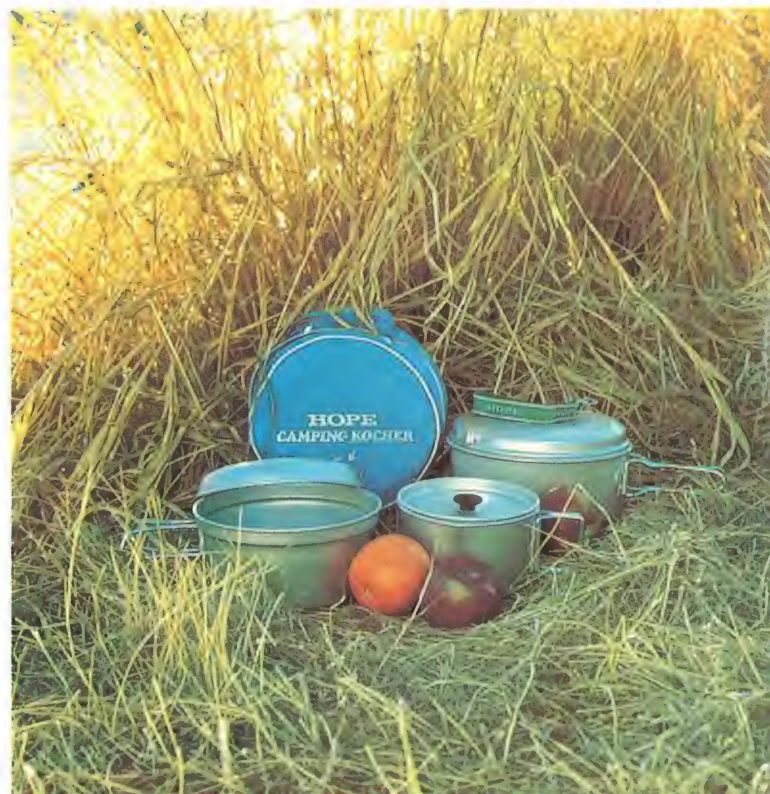

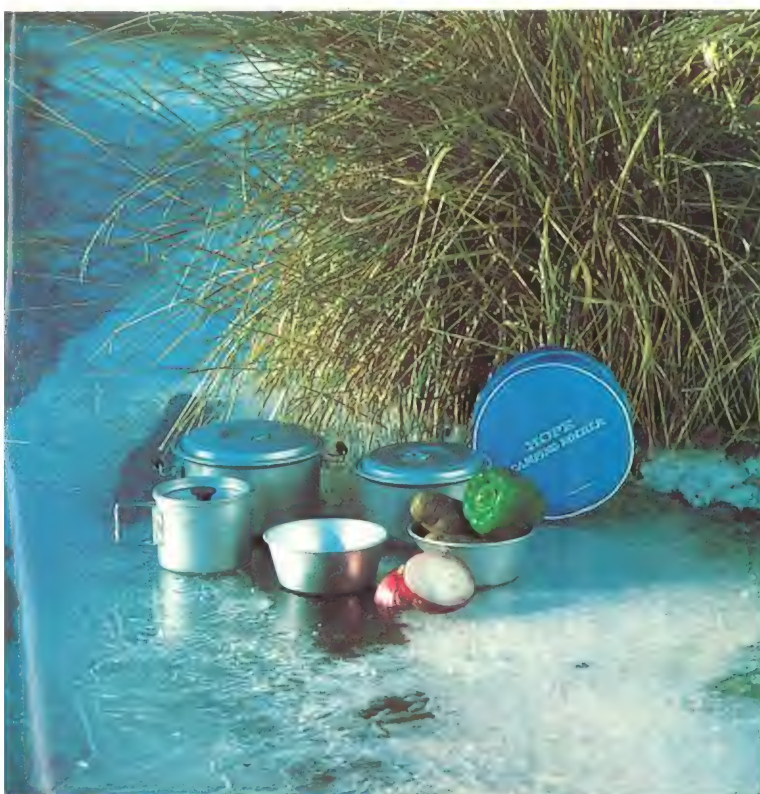

Hope 5-Piece Set

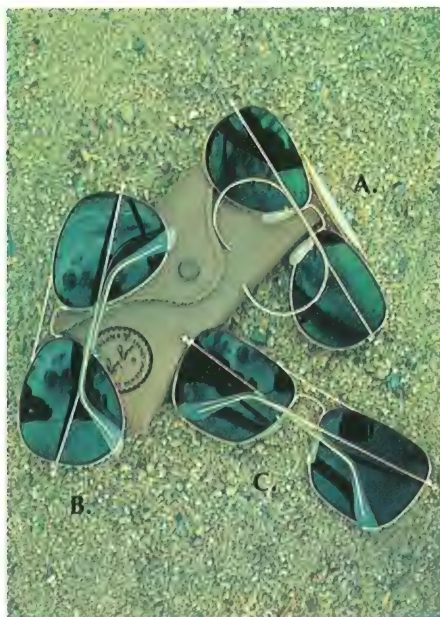

Aluminum set nests into a 3½ quart cooking pot with folding handles and lid can be used as a plate. Other components include: 8 inch heavy-duty frypan; 8 inch deep dish plate; 1½ quart cooking pot with folding handles and lid can be used as a plate; and 1 quart tea kettle with lid. Zippered carrying case included. #503086: \$26.75 (46 oz.).

Hope 3-Man Cookset

Aluminum nesting pots with handles and lids that serve as plates. Capacities: 1 quart, 1½ quart and 2¼ quart. Zippered carrying case included. #503107: \$21.00 (27 oz.).

Bausch & Lomb Sunglasses

THE LENSES: Sunglass lenses should be made of prescription quality glass, precision ground and polished. Anything less produces eyestrain from distortion. If you buy plastic lensed sunglasses, you are not filtering infra-red rays! Bausch & Lomb prescription quality glass does filter them.

THE LENSE COLOR: There is no color distortion at all in a *truly* neutral gray or sage green lens. Bausch & Lomb lenses produce no color distortion. Any lens color other than these two are utterly useless in a sunglass.

THE FRAME: A frame should fit so comfortably that you can wear it all day long and hardly even notice. Ask your ears and nose about Bausch & Lomb.

 **Bushnell**

Bushnell Expo 8 x 30

The rugged body is made of fiberglass and is shockproof, waterproof, and it floats! The unique "Thumb Focus" system is a simple way to produce a sharp, clear picture. Additional features include lenses shock-mounted in rubber, anti-reflection coated optics, roll-down rubber eyecups, and nesting elastic-connected cover. Field of view is 394' at 1000 yards. Weight is 12 oz. ONE YEAR WARRANTY.

#701011: Length — 4"; Width — 6½". \$27.50.

The EXPO 8 x 30 "floating feature."

Thommen "Everest" Pocket Altimeter

A barometric device for measurement of altitude up to 15,000 feet with ± 30 foot accuracy. Complete with leather case and instructions.

#650127: 3" x 2½" x 1". \$92.50 (4 oz. w/case).

The Product

Non-abrasive, non-toxic glass and plastic cleaner. Repels fog, dust, and smoke. A little goes a long way and it really works!

#709006: Net wt. ½ oz. \$2.00 (1 oz.).

Bushnell Pocket Monocular 8 x 24

The magic of powerful optics at your fingertips wherever you go. The 8 power lens is ideal for all outdoor activities. 437' field at 1000 yards. The lens can be used by itself or as a close-up magnifying glass. This handy instrument is only 3½" long, weighs 4 ounces, and has fully coated lenses. Complete with handsome zippered carrying case and wrist strap.

#701045: Length 3½". \$24.95 (6 oz.).

Vasque Hiker II. Improved!

An excellent choice for mountaineering, climbing and hiking with heavy packs. Constructed for full ankle and foot support and protection. Upper is full-grain rough-out leather, now waxed at the factory. The hinged tongue is foam padded and leather lined for full instep comfort. The ankle is protected with a foam lined ankle region, pre-shaped ankle cup and topped by a snug, foam padded (plump and better) scree collar. Reinforced box toe and double heel counter, and steel shank arch support add protection in rocky hiking areas. Good walking traction is achieved with a VIBRAM® lug sole and heel. Convenient speed laces. #350009C: Men's 7-12 (full and half), 13, 14 in widths B, D or EE. AA in 10-12 (full and half), 13, 14. \$66.00 (5 lbs. 2 oz. avg.).

Vasque Ladies' Gretchen II

A lighter version of the Hiker II, designed specifically with a woman's last. Excellent for hiking with a heavy pack. Top quality, full-grain, rough-out cowhide leather now waxed at the factory. The ankle region is foam lined and features pre-shaped ankle cup. A foam padded, stretchy scree collar snugs around the ankle. The arch is reinforced with a steel shank. Toe and heel protected by a hard toe guard and double heel counter. VIBRAM® lug sole and heel plus speed laces. #350017C: Women's 4½ - 10 (full and half sizes) in widths A or C. \$59.00 (4 lbs. 1 oz. avg.).

Fitting of Boots

It is important when purchasing a boot to buy the one which fits best provided it has the features required for specific use. Boots are made from natural materials and usually stretch in varying degrees, depending on style and model. When trying on boots it is best to wear a little less sock than normal. For instance, if you normally wear two thick socks, try the boots with a thin and a thick pair. This will allow a little for stretching. It is impossible to tell in ten or fifteen minutes if a boot fits correctly. It is much better to wear them in your home for about two hours.

Vasque Cascade III For Men and Women

Designed primarily for trail hiking and off trail backpacking with a light pack, available in both men's and women's lasts. The uppers are made from split grain, rough out leather, now waxed at the factory for water and snow protection. The tongue is padded for added comfort and features gusset inserts for added waterproof protection. The ankle area is protected by foam rubber padding and a well padded, stretchy scree collar snugs around the ankle. A reinforced box toe and heel cup provide rough terrain toughness. A leather midsole and an extra-long steel shank under the arch support protect against rocks. Good walking traction is achieved with a VIBRAM lug sole and heel. #350058C: MEN's CASCADE III, 7-12 (full and half sizes), 13, 14 in widths D or EE. \$51.00 (4 lbs. 12 oz.). #350066C: WOMEN's CASCADE III, 4½ - 10 (full and half sizes) in widths B or D. \$49.00 (3 lbs. 10 oz.).

Nike Sport Shoes

Designed and developed to meet the most severe demands of champion athletics, the Nike brand has jumped to the forefront of the most advanced sport shoes. The swoosh stripe commemorates Nike, the winged goddess of Victory in Greek mythology.

Waffle Trainer (A.)

Nike's top training shoe featuring a flared waffle outer sole and beveled heel for the ultimate in traction, cushioning and stability. Upper is a three-layer sandwich composed of an outer layer of strong, tear-resistant nylon, a porous polyurethane foam rubber mid-layer, and an inside lining of smooth tricort. Foam rubber arch support is coated with a polyester material that prevents deterioration of the rubber. Color: Royal Blue with yellow flash. #354076B: Sizes 4½ - 12 (full and half sizes), 13, 14 - \$29.95 (18 oz. avg.).

A.

B.

Le Village (B.)

A casual shoe designed for today's fashion with the athletic look. Soft antique brown leather with cushioned mid-sole, very comfortable as well as long wearing. Foam rubber arch support is coated with a polyester material to prevent deterioration of the rubber. Could be used for serious training as well as casual wear. Color: Tan with white flash.

#354068: Men's 7-12 (full and half sizes), 13, 14 — \$28.95 (26 oz. avg.).

Caution: The soles of the above models will wear out quite rapidly if used for running on concrete and not recommended for cutting sports, i.e. tennis, football, etc.

Sorel® Mountaineer

Sorel® boots are made in Canada of a top grain leather 11" upper sewn and bonded to a rubber foot section and sole for excellent water repellency. The Mountaineer style offers a very good fit for added comfort when worn for long periods of time. The rubber bottom is a very heavy-duty, non-skid ripple sole. Not only will these boots keep you dry, but Sorel's unique thick wool felt liner surrounds your entire foot and ankle, and is removable for drying and cleaning.

Color: Tan upper

#351015B: Men's 7-13 (whole sizes only). One width. \$40.95 (6 lbs. 2 oz.).

#359091B: SPARE WOOL LINER. Sized as boots. \$7.50 per pair (7 oz.).

Sorel® Premium

Guaranteed waterproof and suitable for even Arctic conditions with a non-skid lug rubber sole. Spare liners available.

Color: Dark Brown

#351023B: 7-13 (whole sizes only). One width. \$33.95 (4 lbs. 10 oz.).

#359083B: SPARE WOOL LINER, Sized as boots. \$7.00 per pair (7 oz.).
